READ—

Letter No. 3723—1036, dated 27th December 1900, from the Comptroller to the Government of Mysore.

With reference to your docket No. 8082—P. & A. 806, dated 15th December 1900, requesting my opinion as to how the absence of officials or public servants, who are taken to camp or segregated under Plague Rules, is to be treated, &c., I have the honor to state that I have been treating the absence of officials and servants of my office under the circumstances stated above, as casual or privilege leave for which they may at the time be eligible and if neither of these kinds of leave was admissible, as leave under the ordinary rules.

Reference is invited to explanation to Note I under Clause iii of Article 366 of the British Civil Service Regulations, which is on all fours with the procedure adopted by me in the matter, and which may be prescribed for general observance in Mysore.

No. 10139-78—Mis. 2831, dated Bangalore, 9th February 1901.

Order thereon—The Government approve of the views expressed in the letter read above, and in view to the adoption of the British rule quoted therein, the Comptroller will be requested to submit a draft Addenda and Corrigenda to the Mysore Service Regulations, for approval.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Government of Mysore.
The Heads of Departments.
The Deputy Commissioners of Districts.

Read—

Letter No. 2095, dated 14th November 1900, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to forward, for the information of Government, the accompanying Report, dated the 7th instant, drawn up by Mr. Palpu on the recent outbreak of cholera at Kamasamudram, and to state that the Report and Notes are practical and the advice given is sound and to the point.

The report brings out clearly the value of Bacteriological examinations, and I would recommend that the report be published in the local papers.

Letter No. 1255, dated 7th November 1900, from Mr. P. Palpu, Health Officer, Bangalore City, on special duty, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I beg to report that in obedience to your order No. 1976, dated 29th October 1900, I went to Kamasamudram to investigate the cause of outbreak of cholera there. I inspected the infected villages on the 30th October 1900 with Assistant Surgeon G. Noronha and Hospital Assistant Sundaram of Bowringpet, examined the patients and suggested measures for the prevention of the spread of the disease. Copy of my Inspection Notes is submitted enclosed. The first point I tried to ascertain was whether the disease was cholera or only "indigestion and diarrhœa" as stated in some of the reports received. The presence of large numbers of cholera bacilli in the watery evacuations from the bowels of patients examined by me on the spot, proved that the disease *was* cholera.

As regards the source of the infection, the fact that the water-supply was impure and the order in which the villages using the same water were infected, aroused my suspicion. A sample sent to Dr. Srinivasa Rao by the Hospital Assistant immediately on the occurrence of the disease, was reported to contain cholera microbes.

The Amildar and Hospital Assistant of Bowringpet, both of whom are intelligent men with due sense of their duty, had got the infected villages cleaned up and attended to general sanitation. The disinfection of water in the tank and stream was impracticable on account of the immense amount of water to be dealt with. My suggestions were therefore confined to—

(1) Strict enforcement of the rule that all water used by the people should be previously boiled,
(2) That all pots and pans be sterilized over fire,
(3) That patients be isolated as far as practicable, in separate huts,
(4) That evacuations of patients and soiled linen be properly disinfected or destroyed, and
(5) That more reliance be placed in burning infected floors with straw than disinfecting them with lime and other agents.

It is a pity that the people have no water to drink except the surface collection from manured fields. This water is at present very impure and both chemically and bacteriologically unfit for potable purposes. The sinking of wells in the locality will not be expensive. I would therefore strongly recommend the sinking of two wells, one between Dodderi and Guttahalli and the other in Vottakal.

Inspection Notes.

30th October 1900.

Visited villages Guttahalli, Dodderi and Vottakal in Kamasamudram with Assistant Surgeon Noronha and Hospital Assistant Sundaram of Bowringpet.

Guttahalli.—A small village, the 5th on a stream called Koppanadi of dirty water flowing from Koppa tank near the Bowringpet Station. The tank is a large surface collection of rain water, the catchment area of which all round is extensive cultivated fields. The water is very muddy on account of recent rain. Guttahalli has 38 huts and a population of 58, consisting of Reddis, Kurubars and Dasaris, the last a mendicant class of whom

some members are reputed to have recently gone to Hosur in British Territory where there are cases of cholera, and returned. The first case occurred in this village on the 19th instant. Total number of cases up to date four, of which two were fatal. No cases since 23rd. Patients examined, found to be recovering.

Water-supply.—From the stream; sample examined by me did not contain any cholera bacilli.

General Sanitation.—Good. One furlong down on the stream is *Dodderi* the 2nd infected village. Has 58 huts with 100 people of the same classes. Infected on the 20th, total number of cases nine, with four deaths. No fresh case since the 27th. Patients examined, all improving.

Water-supply.—From the same stream; sample examined by me had no cholera microbes. There is one well, the water of which is reported to be not used. Disinfected with permanganate all the same.

General Sanitation.—Good.

Vottakal.—The 3rd infected village is 1¼ miles lower down on the same stream. It has 68 huts with a population of 175. First case occurred on the 27th. Total number of cases five, with one death. Examined excreta from fresh cases and found cholera microbes in large numbers.

Water-supply.—From the same stream. No cholera microbes were found in the sample that I examined.

General Sanitation.—Good.

Kamasamudram lies on the same stream ¼ mile below Vottakal. One hundred huts with over 300 people. Not infected. Water-supply—Wells.

Water collected from the stream immediately after outbreak of the disease was examined bacteriologically by Dr. Srinivasa Rao, and reported to contain cholera microbes, but the three samples I examined contained none, evidently because the germs died out by the time.

Disinfection of the tank and stream was found impracticable on account of the extensive amount of water to be dealt with.

Order thereon—Mr. Palpu's report, which contains practical suggestions as to the steps to be taken when cholera prevails in villages, will be communicated to the Deputy Commissioners of districts, and placed at the disposal of the Press.

2. The Deputy Commissioner, Kolar district, is requested to take the needful action on the suggestion made in the last paragraph of Mr. Palpu's report to the effect that it is desirable to sink two wells, one between the Dodderi and Guttahalli villages and the other in the Vottakal village.

Order—Government have had frequent occasion to observe that periodical reports and returns, as also reports due on urgent requisitions from this office, are not submitted in due time, and that such delays necessitate the despatch of telegrams in the initial stage, followed not infrequently by a further exchange of such messages for the supplying of omissions or the correction of errors in such belated reports and returns. The Deputy Commissioners of districts will be requested to be so good as to give their personal attention to this important matter, as Government will, in future, insist upon punctuality, promptitude and accuracy being strictly observed in all reports and returns due to Government, any telegraphic messages exchanged on account of delays, &c., being paid for by the officials at fault.

ORDER—Cases have recently come to the notice of Government in which urgent applications for leave have been made by telegraph, necessitating the despatch of reply telegrams. As a rule, leave applications should be made in proper form and accompanied by the usual Comptroller's certificate. In cases of extreme urgency, however, necessitating an exchange of telegraphic messages, the cost of such messages will be a proper charge on the officer concerned, and not on office contingencies. Heads of Departments and Deputy Commissioners of districts will accordingly be requested to insist upon a strict observance of the above instructions in future.

Letter No. 1078, dated 7th February 1901, from the Director of Statistics in Mysore.

I have the honor to submit, for information and orders of Government, copy of Circular letter No. 30, dated 30th ultimo, from the Census Commissioner for India, deprecating avoidable transfers and grants of leave to officials detailed for Census duty. There is a provision to this effect in the Mysore Census Procedure Code, but I am afraid that it has not been observed as strictly as possible. The most recent case brought to notice is that of the official noted in the margin as per report extract appended. The inconvenience and embarrassment arising from such transfers is great.

C. B. Hanumantha Rao, clerk, Executive Engineer's office, Mysore Division.

Letter No. 30, dated 30th January 1901, from the Census Commissioner for India, to the Superintendent of Census Operations (except Madras).

I have the honor to state that the Government of Madras has directed that all Heads of Departments should postpone, till after the Census, all avoidable transfers of subordinates detailed for Census duty and should restrict, as much as possible, the grant of leave to them. I suggest that you should move your Government to take similar action.

Extract from the Progress Report of Census Work in Mysore City for the week ending Saturday the 26th January 1901.

I very much regret to have to represent that I am at this stage finding very much difficulty with Census work for the following reasons :—

(1) Although orders of appointments have been long ago served on Supervisors and Enumerators, they are now being returned with all manner of excuses and requests to be excused, &c., on all manner of grounds which I have met to the best of my ability but very reluctantly at this late stage.

(2) One of the Circle Supervisors named C. B Hanumantha Rao, a clerk in the Executive Engineer's office, Mysore Division, who was appointed as a Supervisor for the 2nd Circle of Devaraj Mohalla, and on whom the order of appointment was served through the Executive Engineer on the 7th January 1901, is now, I hear, but I have received no official intimation of the fact, nor has his order of appointment been returned, transferred to Nanjangud. I am at a loss to know how to act in this matter which only came to my notice late yesterday. Hanumantha Rao has even taken over the supply of stationery articles for distribution to his Enumerators but has not distributed them as yet. I have addressed the Executive Engineer on the subject.

ORDER THEREON—The attention of all Heads of Departments and Deputy Commissioners is invited to the suggestion made by the Census Commissioner for India, and the Director of Statistics and Census Superintendent in Mysore, in the letters read above, and they are requested to give due effect to them unless deemed impracticable in public interests, in which case timely intimation should be given to the local Census Officers concerned. Government trust that during the short time between this and the date fixed for the Census, occasion for unavoidable transfers and leave will be very rare.

Order—The Deputy Commissioner of the Tumkur district is requested to be so good as to report whether the records of his office have been properly assorted, registered and preserved, and if so, why he has not yet been able to trace the paper re "Processions," a copy of which was urgently called for in this office No. 8545—Mis. 1861, dated 31st December 1900, reminder No. 9515—Mis. 2078, dated 29th January 1901, and telegram, dated the 6th February 1901. The year was given in the requisition and this was a sufficient clue, though the number was wrong, as will be seen from the correspondence ending with the late Chief Commissioner's Order No. 7064-66—1856, dated 24th January 1881, passed on the Deputy Commissioner's letter No. 350, dated 10th January 1881. The copy called for need not now be sent, but immediate steps should be taken to put the Deputy Commissioner's office records in proper order. A report as to the present state of those records and as to the action taken to rectify past neglect, if any, should be submitted as early as possible, it being of the greatest importance that the duty of preserving records should not be relegated to the subordinate place that Government apprehend it now is.

2. The Deputy Commissioner is expected to inspect the records (English and Vernacular) of his office periodically and see to the proper assortment and preservation thereof, holding the Record-keeper or other official entrusted with the work personally responsible for neglect of duty. The Deputy Commissioner will in the present case deal suitably with the official or officials who are primarily responsible for the present unsatisfactory condition in which his office records seem to be and make a report to Government as to the action taken.

Endorsement No. 2109, dated the 16th November 1900, from the Plague Commissioner in Mysore, forwarding, for disposal, letter in original No. 428 P., dated the 14th idem, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting with his remarks, letter dated the 7th idem from Major J. Smyth, M. D., on the subject of destroying rats; and stating that the suggestions proposed by him may be tried.

Letter No. 428 P., dated the 14th November 1900, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Plague Commissioner in Mysore.

With reference to your Memo No. 1581, dated the 16th October 1900, I have the honor to forward in original the accompanying, letter, dated 7th instant, from Major J. Smyth M.D., on the subject of destroying rats, and to state that the suggestions proposed by him for the destruction of rats, may, I think, be tried.

There is a very old and very successful method which is sometimes employed in the mills where rats work great havoc, and which, I think, might also be tried. Tar mixed with sulphuric acid, the proportion in which it is mixed is determined by rubbing some of it on the hand, and if it smarts it is sufficiently strong. The rationale of its action is thus explained. The rats get the tar on their feet and in order to get rid of it they are oblige to suck it off, the result being that the sulphuric acid in the tar sets up acute inflammation of the stomach and intestines.

The remidy is, I believe, very efficient, and as it is at the same time very cheap and easily applied, I would recommend that some of it be made and applied to some place where rats are known to abound in large quantities, and the best way to apply it is to smear the entrance of all rat-holes with it freely.

ENCLOSURE TO THE ABOVE.

Letter, dated the 7th November 1900, from Major J. Smyth, M.D., to Lt. Col. P. H. Benson, I. M. S., Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to acknowledge the receipt of your No. 3548 of the 18th October 1900, enquiring as to the best method of killing rats.

2. There are at least three ways whereby rats may be killed on a large scale, *viz.*, by poison, traps and by giving them an infectious disease.

3. The last method—infection—may be dismissed at once, as it is not yet throughly worked out whether the disease is or is not harmless to other animals including man. But poisoning and trapping are within the reach of all. If, however, it is desired to kill rats on a large scale, it is useless to hope to have it done by the un-aided, un-pressed, apathetic house-owner. It must be undertaken by the Government or by Municipalities. The present plague organization affords ample material for the efficient supervision of such operations. The overseers have to see most houses, every day, and it would be a very small addition to their duties to see to the proper setting of traps and poisons. A little attention to this say, for three or four weeks would go a long way towards the eradication of the rat-tribe in the towns. This procedure repeated, say at intervals of three months, three weeks at a time, for say one year after the disappearance of plague, would certainly prove an important safeguard against the recurrence of the epidemic, and the cost of it would be mere trifle. Money at present wasted on disinfectants might well be diverted into this channel.

No. PG. 982-3, DATED BANGALORE 7TH FEBRUARY 1901.

ORDER THEREON—The suggestions made by Major Smyth and recommended by the Senior Surgeon with certain observations of his own regarding an old and successful method of destroying rats, may be tried and reported upon.

2. The Plague Commissioner is requested to issue needful instructions.

Paras 4 and 5 of Government Proceedings No. Pg. 343-8, dated the 11th October 1900, stating that no compensation will be paid to persons dispossessed of houses in the Mysore City until they have built new houses in the extensions, or have given satisfactory guarantees for so doing, &c.

ALSO—

Letter No. 470, dated the 31st December 1900, from the President, Mysore City Municipality, stating with reference to para 4 of the Proceedings referred to, that there are difficulties in enforcing the said condition as most of the houses that have to be removed are either mortgaged or hypothecated, that persons who have lent money on the security of such houses demand the value fixed to be paid to them and refuse to accept the terms proposed in the said order; and requesting instructions as to whether such demands may be refused on the ground that their lien on the property will be transferred to the new house to be constructed by the owner.

(2) Letter No. 3237, dated the 30th January 1901, from the Plague Commissioner in Mysore, stating with reference to the two paras alluded to above, that he recommended the insertion of the condition laid down in para 4 with a view that the hands of the Deputy Commissioner and President, Mysore City Municipality, might be strengthened in his attempt to bring his influence to bear on the people to abandon unhealthy localities and build new houses in situations approved by Sanitary authorities.

ORDER THEREON—Recorded with the observation that Government are aware that the injunction is not capable of being enforced and that the matter will be left entirely to the discretion of the Deputy Commissioner.

READ—

Letter No. 2872, dated the 5th January 1901, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to state that during the year 1899-1900 grants to the extent of Rs. 9,916-10-3 from Local Funds General and of Rs. 800 from Municipal Funds were made for improving the sanitation of rural parts and minor municipalities in the district of Bangalore. Out of these grants, Rs. 8,717-14-6 from Local Funds General and Rs. 75 from Municipal Funds were spent on account of payment of compensation for houses demolished under the Epidemic Diseases Regulation and also for opening out lanes in several villages and minor Municipalities of the district, leaving a balance of Rs. 1,189-11-9 and Rs. 725, respectively, to lapse at the close of the official year 1899-1900.

2. During the months of August, September, October and December 1899 a sum of Rs. 5,752-7-7 was also spent from Plague Funds for this purpose.

3. The Deputy Commissioner reports that in addition to this expenditure of Rs. 14,545-6-1 incurred by him, he had to carry out in anticipation of sanction and under the authority given in para 10 of Government Proceedings No. 3082-94—Fl. 313, dated the 26th October 1898, works to the extent of Rs. 11,237-1-8 as shown in the margin, to ensure better conservancy and sanitation of the rural parts of the district on account of the virulent outbreak of plague in the said taluks, and requests sanction under para 3 of Government Proceedings No. 9769-78—Mis. F. 1986, dated 15th February 1898, for a special grant of Rs. 15,000, from Provincial Funds to meet the expenditure thus incurred by him.

	Rs.	a.	p.
1 Anekal taluk	1,736	0	0
2 Devanhalli do	4,281	0	0
3 Nelamangala do	2,000	0	0
4 Bangalore do	2,487	0	0
5 Magadi do	709	7	2
6 Kankanhalli do	23	10	6
Total ...	11,237	1	8

4. Though the Deputy Commissioner had power to sanction estimates not exceeding Rs. 1,000 in each case, he should not have incurred the lump-sump expenditure referred to, *viz.*, Rs. 11,237-1-8 without previous sanction, and I therefore declined to recommend the same for the sanction of Government. But the Deputy Commissioner now reports that the expenditure incurred is almost nominal compared with the nature and value of improvements effected in rural areas with due regard to the sanitary needs of the time, and that if the Amildars had not taken great interest in this most useful work such good results could not have been achieved at so small a cost, and requests sanction to the expenditure being met either from Plague Funds or Local Funds General, to enable him to meet pressing demands.

5. Under these circumstances I request that the sanction of Government may be obtained for the expenditure of Rs. 11,237-1-8, already incurred by the Deputy Commissioner for the improvement of rural sanitation, being debited to the Local Funds General.

No. Pg. 988-90, DATED BANGALORE, 8TH FEBRUARY 1901.

ORDER THEREON—The Deputy Commissioner acted irregularly and on his own responsibility in incurring the large expenditure referred to without obtaining previous sanction as expressly required by para 10 of Proceedings No. 3082-94—Fl. 313, dated the 26th October 1898.

2. In the absence of details for each taluk it is impossible to decide whether the charges were absolutely necessary. The Government view with displeasure the Deputy Commissioner's action, and Mr.....will be warned that a recurrence of such irregularities will render him personally responsible for any unauthorized expenditure.

3. As it is represented that the expenditure in question, *viz.*, Rs. 11,237-1-8, was incurred on account of a virulent outbreak of plague in the taluks specified in the margin, the same will be debited to Plague Funds and met out of the grant provided for in the current year's budget.

READ—

Letter No. 3236, dated the 30th January 1901, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to forward herewith for sanction the budget estimate of the Plague Department for the month of February 1901, amounting to Rs. 47,799-12-0. Deducting as usual the sum of Rs. 2,120 * being the pay of officers and subordinates of the Revenue and Medical Departments on Plague duty, debitable to their respective Departments, the net estimated expenditure for February 1901 is Rs. 45,679-12-0 or Rs. 18,486-12-0 more than the amount estimated for expenditure during the month of January 1901. This increase is mainly due to the provision of Rs. 26,904 made in the present budget to meet the cost of additional sheds constructed when plague was at its height in the Mysore City and when a large number of segregation and hospital sheds were in requisition to meet pressing demands. Of this, however, Rs. 7,480 represents the amount already sanctioned by Government in Proceedings Nos. 265-6 and 429-30, dated 26th September and 27th October 1900, respectively, and the balance is provided for the final adjustment of the accounts.

* As per statement annexed.

2. From the 1st February 1901, there will be considerable reduction in the Plague establishments of the Mysore City from Rs. 6,189 to Rs. 193-8-0 per mensem as proposed in my letter No. 3194, dated the 24th January 1901.

No. Pg. 1046-7, DATED BANGALORE, 16TH FEBRUARY 1901.

Letter No. 391, dated 24th October 1900, from the Deputy Commissioner, Tumkur district, submitting a copy of correspondence between himself and the Superintendent of Post Offices, Bangalore Division, in regard to a proposal to transfer the building now used for the Post office at Kibbanhalli in the Tiptur taluk, to the Mysore Durbar for the purposes of a village school, one of the rooms of the building being retained for the use of the Post office, and requesting the sanction of Government to the proposed transfer.

(2) Letter No. 4345—206, dated 17th November 1900, from the Inspector General of Education in Mysore, recommending, with reference to this office docket No. 6258—Ed. 225, dated 5th November 1900, the transfer of the building referred to, to the Mysore Education Department, for the use of the Hobli School recently opened at Kibbanhalli, and stating that he has no objection to the Post office occupying one of the rooms of the building and that the villagers have agreed to keep the building in repair so long as the school is held in it.

(3) Letter No. 357—364-89, dated 22nd January 1901, from the First Assistant to the Resident in Mysore.

Copy of the following letter is forwarded to the Officiating Dewan of Mysore for information with reference to his letter No. 8586—Pol. 336, dated the 3rd—4th January 1901 :—

Letter No. B. G. 9-6—43557, dated 16th January 1901, from the Post Master General, Madras, to the First Assistant to the Resident in Mysore.

With reference to your No. 141—364-89, dated 10th January 1901, I have the honor to forward for the information of the Resident, copy of a communication No. 3362-M. 2—15 R. (anche), dated 26th June 1900, from the Director General of Post Offices, sanctioning the re-transfer of the anche-building at Kibbanhalli to the Mysore Durbar on condition that the room at present occupied by the Post office will continue to be used by it and that the Mysore Durbar will be responsible for repairs to the whole building.

Copy of a communication No. 3362-M. 2—15 R. (anche), dated 26th June 1900, from the Director General of the Post Offices of India, to the Post Master General, Madras—

Under the circumstances stated in your letter No. 490, dated the 19th current, I am directed to say that the anche building occupied by the Kibbanhalli Post office may be placed at the disposal of the Mysore Durbar. It is understood that one room of the building will continue to be used by the Post Office and that the Mysore Durbar will be responsible for repairs.

No. 10022-23—ED. 362, DATED BANGALORE, 8TH FEBRUARY 1901.

ORDER THEREON—Under the circumstances represented, Government are pleased to authorize the Inspector General of Education to take over charge of the building in question for the accommodation of the Hobli School at Kibbanhalli, on condition that the building is kept in an efficient state of repair by the villagers and that one of the rooms of the building is used for the Post office as hitherto.

READ —

Letter No. 357, dated 31st January 1901, from the Principal, Central College, Bangalore.

I have the honor to report that the Students' Hostel has now sufficiently approached completion to admit of students occupying the rooms, and, in the circumstances of the city hotels and other accommodation available for our students being at present so unsatisfactory on account of plague troubles, &c., I have acceded to their request to allow residence to begin from to-morrow, in anticipation of Government sanction of the general proposals as to the conduct of the Hostel and the financial provision of ways and means which I beg now to submit.

I have the honor to forward six copies of the rules of the Hostel which I have drawn up after submitting them all to a detailed discussion with the members of the College Staff. They will of course be altered in any direction which experience suggests from time to time.

The charges are somewhat higher than those levied in the Mysore Students' Hostel. Our charge for Board being Rs. 7 against Rs. 6 in Mysore and Rs. 2 extra for tiffin against Re. 1 in Mysore; the charge for rent is Rs. 2 on the ground floor and Rs. 3 on the upper storey for a room containing two students as against an uniform rent charge of Re. 1 per student in Mysore. If it is found necessary, in consequence of the greater cost of living in Bangalore, the charge for Board can be slightly increased by and bye.

I have appointed, temporarily and subject to the approval of the Government, Mr. S. Krishnaswamaiengar, M. A., Assistant Master, to be Superintendent of the Hostel, on account of his experience in connection with the Kolar High School Hostel, his personal activity and general suitability for such post; and I propose that he should get an allowance of at least Rs. 40 per mensem from the 16th instant for his work; in Mysore the allowance, I believe, is Rs. 30 but the Hostel there is a third smaller than here.

I have also taken, on probation and subject to the approval of the Government, Mr. B. Rama Rao as Manager on Rs. 30 per mensem, from the 16th instant, the same pay as that allowed at Mysore, but on the understanding that this will be increased when the number of students renders it *fair* to do so. Mr. B. Rama Rao has been transferred from the City Municipal Schools, where he has been one of the lower masters for a number of years. He has also been Tennis Marker at the Gymkhana Tennis Courts in the Cubbon Park for many years, and I have a good opinion of his smartness and ability to look after the duties of such a post as Manager in the Hostel, though, of course, experience alone will show if this confidence is justified. I had thought also that it would be good for the students to have about such a place, one likely to encourage their tennis play on the College Courts in the evenings or on holidays. His good character is proved by the long time they have retained his services at the European Gymkhana.

It is proposed to start with a menial establishment of 12 servants costing Rs. 88 per mensem, but these will require to be added to when both blocks are filled up.

The chief difficulty will be the financial one. In Rule VII (*d*), I have laid down that the Superintendent shall pay to me monthly all moneys received for room-rent, boarding charges, registration fees, admission fees, and fines, and that this will be paid in by me to the Government Treasury. If Government approves of this and the Hostel is made a Government concern, pure and simple, then all expenditure would have to be met by my drawing from time to time by means of contingent bills on the Government Treasury. Should the Hostel show a deficit balance at the end of the year, this would fall on the Government, and should it be financially successful, as is to be expected, it will be satisfactory to Government. Another possible financial plan would be for the Government to entrust the Principal as *Ex-officio* President of the Hostel with an initial sum as an advance for the conduct of the Hostel, which he may keep as a Special Hostel Account with the Madras Bank, Bangalore, and allow him to receive all moneys paid for Board, rent, &c., in the Hostel, pay the same into this Bank account and draw upon that account periodically to meet the current charges of the Hostel.

A statement of the income and expenditure would be submitted by him to the Government at the end of the year, accompanied with a statement from the Bank of the Hostel account current standing in his name at the end of the year, any excess to the credit of that account above the initial advance by Government to be paid over to Government, and any deficit below that initial advance to be made by the Government. Perhaps the latter plan would work with the least possible trouble to all parties, and as the Hostel is intended for 96 students, I consider that Rs. 1,000 would be a sufficient sum for the Government to place at my credit initially for the Students' Hostel bank account.

I trust that the matter may be considered urgent as there has already been so much delay in connection with the starting of the Hostel, and that Government may pass orders on these proposals which I have the honor to submit.

No. 10581-82—Ed. F. 42-96, dated Bangalore, 15th February 1901.

Order thereon—The rules submitted with the foregoing letter propose a suitable scale of fees and other charges and seem in other respects generally well considered, and Government are pleased to approve of their tentative adoption, subject to modification, if necessary, after six months' experience is gained. Government further approve of an expenditure not exceeding Rs. 158 a month being incurred with effect from the 16th January 1901, on account of cost of establishment, including supervision, the details being left to Mr. Cook and the Committee.

2. Government are, as at present advised, not in favor of making the Hostel a Government institution, pure and simple, their policy in regard to similar Hostels elsewhere in the State having always been to treat them as grant-in-aid institutions, the amount of the grant not exceeding the charges for establishment and house-rent, all other expenditure being met from fees and other charges collected from the boarders concerned. Applying this principle to the Central College Hostel, which has been provided with a suitable Government building, the Government are pleased to place a sum of Rs. 1,000 at the disposal of the Principal and *Ex-officio* President of the Committee of Management, from which he will be at liberty to draw as required a sum not exceeding Rs. 158 per mensem to meet establishment charges. This monthly allotment will, however, be subject to proportionate reduction at the end of six months, if by that time the full number of boarders provided for, *viz.*, 96, is not forthcoming, and Mr. Cook will accordingly be requested to submit a report on the working of the Hostel at the end of that period. He is free to make his own arrangements for the banking of the advance of Rs. 1,000 sanctioned above as well as of all collections from the boarders. It is hoped that ere long the fees realized will be more than sufficient to defray all expenses, including the establishment charges, and that the Hostel will be so managed as to entail no extra cost to Government.

Letter No. 9716—454, dated 11th April 1900, from the Inspector General of Education in Mysore

With reference to para 6 of Order No. 12365-400—Ed. F. 4-96, dated 11th May 1896, I have the honor to inform you that Mahomed Makdam, Proprietor of the Artware factory at Mysore, has been applying for scholarships to be given to apprentices in his factory who are learning the art of ivory inlaid work. These scholarships, if sanctioned, will form part of the establishment charges of the Mysore Industrial School. The Superintendent of the Industrial School on two occasions inspected the factory, and after looking into the registers and examining the work of each applicant for scholarship, has submitted a statement of the scholarships he proposes. A copy of this statement is herewith enclosed. He proposes 25 scholarships in all, of the aggregate value of Rs. 45 a month, of which 4 will be of the value of Rs. 3, 3 of Rs. 2-8-0, 5 of Rs. 2, 5 of Rs. 1-8-0, and 8 of Re. 1. If a lump sum of Rs. 45 is sanctioned, the distribution of the amount may be left in future to the Committee of the school at rates regulated by the number and proficiency of the apprentices from time to time. The Superintendent of the Industrial School will inspect the factory from time to time and see that the apprentices are regular in attendance and attentive to their work.

No. 10950-51—Ed. F. 4-96, dated Bangalore, 20th February 1901.

Order thereon—Under the circumstances represented in the letter read above, Government are pleased to direct that a provision of Rs. 540 be made in the Mysore Industrial School budget for 1901-1902, to enable scholarships aggregating Rs. 45 per mensem being granted to apprentices in the Mahomed Makdam Artware Factory at Mysore.

Government Proceedings No. 1947—Ed. F. 13-96, dated 11th August 1899, calling for the views and suggestions of the Inspector General of Education in Mysore, with a view to enlarge the scheme of scholarships proposed by him in his letter No. 10482—386, dated 27th June 1899, for Mahomedans and other backward classes, including 1 Panchama, 2 Bedars, 3 Lambanis, 4 Woddars, 5 Korachas, 6 Koramas, 7 Naindas.

II. Letter No. 6387—278, dated 25th January 1901, from the Inspector General of Education, on the same subject.

With reference to Order No. 1947—Ed. F. 13-96, dated 11th August 1899, I have the honor to recommend that along with the 25 close scholarships for the use of Mahomedans and the backward classes alone, which were proposed in my letter No. 10482—386, dated 27th June 1899, there may be 25 scholarships of the value of Rs. 2 in each of the IV and V Vernacular classes open to all classes other than Mahomedans or backward classes. To restrict these additional scholarships to agriculturists, artisans and labourers will create difficulties in as much as these professions or occupations are not mutually exclusive, nor can all members of each of these professions or occupations be said to be too poor to pay the small fees now charged in the Vernacular Schools. According to the last Census Report the total population connected with agriculture in some way is 3,292,897 or 67 per cent of the population of the State. I would therefore have 25 scholarships exclusively for Mahomedans and the backward classes as defined in my letter referred to above, and a similar number open to all other classes distributed by districts as follows :—

District.	Population.	Number of open scholarships.
Bangalore	702,913	4
Chitaldrug	413,984	2
Tumkur	580,786	3
Kolar	591,030	3
Mysore	1,181,814	6
Hassan	514,952	2
Kadur	230,063	2
Shimoga	527,981	3
		25

The scholarships should be given to those who have passed the III Vernacular standard with distinction but who on account of poverty are not able to prosecute their studies up to the standard of the Lower Secondary Examination. The scholarships will be tenable for two years after passing the III Vernacular standard, subject to the usual conditions of regular attendance, good conduct and satisfactory progress. The scholars of each district for the ensuing year will be selected in the month of December by the District Deputy Inspector in accordance with the results of his Inspection Examination, provided the selected scholars are of good character. The scholarships will be tenable in any Middle School of the district. After the selection is made by the District Deputy Inspector and sanctioned by the Inspector General, the bills for the scholarships will be drawn up by the Headmasters of the schools which the scholars attend, and after they are countersigned by the Deputy Inspector, will be paid at the nearest Taluk Treasury. I would add that the scholarships open only to Mahomedans and the backward classes should not be awarded to pupils above the age of 12, and those open to all other classes should not be awarded to pupils above the age of 10. The cost of all the 100 scholarships, *viz.*, Rs. 2,400 a year, I would recommend, may be met from the State Funds.

No. 10952-53—Ed. 389, DATED BANGALORE, 20TH FEBRUARY 1901.

ORDER THEREON—Government decline to recognize any distinction between Mahomedans and the other specified backward classes and all other classes such as agriculturists artisans and, labourers in indigent circumstances, and are pleased to lay down that the proposed scholarships of the value of Rs. 2 each be open alike to all classes of students in the IV and V Forms of Vernacular Schools. Fifty such scholarships are sanctioned. These may be granted gradually as funds become available from the Village School Fund instead of from the State Fund as recommended by the Inspector General.

Government Proceedings No. 6414-15—Ed. 230, dated 7th November 1900, observing that it was irregular to have granted scholarships to Mahomedan students out of the funds set apart for Pallegar scholarships.

(2) *Letter No. 6383—276, dated 22nd January 1901, from the Inspector General of Education in Mysore, on the same subject.*

No. 10904-6—ED. F. 13-96, DATED BANGALORE, 20TH FEBRUARY 1901.

ORDER THEREON—The Inspector General of Education in the letter read above quotes Rule 9 of Notification No. 3168, dated 14th December 1887, and asks for a re-consideration of the Order No. 6414-15—Ed. 230, dated 7th November 1900. The words "will be dealt with under Rules relating to scholarships to members of the more important Pallegar families" occurring in the said Rule as per margin, mean that, in certain exceptional cases, the higher rates and special concessions sanctioned for Pallegar students may be extended to Mahomedan students. In other words, the number of scholarships sanctioned for the latter should not be exceeded, though the rates, &c., might be increased. Vacancies in one are not to go to the other. The practice relied upon by the Inspector General has therefore been erroneous. But Government deem it undesirable to stop the scholarships already granted under a misconception of the Rules. In future cases the Inspector General will be requested to regulate the grant of special or higher rates of scholarships under the Rules as now interpreted.

RULE 9.

The case of any Mahomedan State pensioners deserving of special consideration will be dealt with under the Rules relating to scholarships to members of the more important Pallegar families.

2. Government are unable to accede to the Inspector General's recommendation for the continuance of the scholarships to the sons of the Peerzada who have joined an educational institution outside the State, as it would be wrong in principle, and if accorded a special treatment, might establish an inconvenient precedent.

Letter No. 7008-10—295, dated 6th February 1901, from the Inspector General of Education in Mysore.

I have the honor to inform you that the new building of the High School at Chikballapur is ready and has been occupied from the 4th February. The High School will contain forms III to VI, and the four lower Anglo-Vernacular classes have been combined with Kannada classes III to V to form the new Anglo-Vernacular School at Chikballapur. Vernacular classes II, I, and Infant A and B have been formed into a Primary Kannada School for Chikballapur. The staffs and furniture have been distributed between the three schools, and the three schools as re-organised have been working since the 4th instant. I request that Government may sanction, with effect from the 1st February 1901, at their earliest convenience, the revised scales of establishment of the three schools, appended to this letter, and intimate the sanction to the Comptroller for communication to the Treasury Officer at Chikballapur.

2. The Anglo-Vernacular School will be held in the old High School building, and the Primary Kannada School in the present rented building.

3. The formation of the three schools in place of two will cause no extra expenditure to Government.

No. 11218-9—ED. 398, DATED BANGALORE, 25TH FEBRUARY 1901.

ORDER THEREON—The revised scales of establishments proposed by the Inspector General in the letter read above are sanctioned with effect from the 1st February 1901, as per details given in the statement appended. It is noted that this revision is intended to suit the recent distribution of forms and classes made in the High, Anglo-Vernacular and Primary Schools and involves no extra expenditure.

Proceedings of the Government of Mysore,

READ—

Correspondence ending with the following letter No. 355—J., dated 15th December 1900, from the Inspector General of Prisons in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments :—

With reference to your docket No. 7873—J. 876. dated 11th instant, observing that the existing designation of "Assistant Jailors" of 1st, 2nd and 3rd Grades, appears to have been adopted for the office establishment of the Central Jail in order that these officials may be available for the discharge of Jail duties proper, prescribed in the Jail Manual, in addition to their clerical work and requesting to explain why a change in their designation to Head Clerk, Deputy Clerk and 3rd Clerk, respectively, has been proposed without stating any reason for so doing, &c., I have the honor to submit herewith a revised Proposition Statement in supersession of the one last submitted, from which it will be observed that no change of designation or amalgamation of the office establishments of the Inspector General of Prisons and of the Bangalore Central Jail, is now proposed ; that the change will entail only an additional cost of Rs. 5 per month or Rs. 60 per annum for the present. But three years hence, *i. e.*, when the 1st Assistant Jailor of the Central Jail reaches his maximum pay, the Government will have to bear a further additional cost of Rs. 5 monthly, which I hope will not be deemed much.

2. I request therefore that you will be so good as to obtain early sanction of Government for the proposals which will take effect from 5th November 1900 :—

Letter No. 683, dated 7th February 1901, from the Inspector General of Registration in Mysore, submitting the A and B returns of the Registration Department for the quarter ending 31st December 1900.

No. 11420—J. 1195, DATED BANGALORE, 27TH FEBRUARY 1901.

ORDER THEREON—There has been a marked decrease in the number of registrations effected and the revenue realized during the quarter in question, as compared with the results of the preceding quarter, for which no explanation has been given by the Inspector General. The total number of documents of all kinds registered during the quarter was 12,382 as against 17,106 in the previous quarter, and 8,917 in the corresponding quarter of the previous year. The total receipts of the Department amounted to Rs. 24,486-14-0 as particularized in the margin, as against Rs. 33,582-10-0 in the previous quarter, while the total expenditure amounted to Rs. 17,274-9-7, thus leaving a net surplus of Rs. 7,212-4-5 in favor of the Department, as against Rs. 14,297-3-10 in the previous quarter and Rs. 3,797-8-5 in the corresponding quarter of the previous year.

LEGISLATIVE

Proceedings of the Government of Mysore,

READ THE FOLLOWING PAPERS—

(1) Letter No. 7411—Legis. 58, dated the 23rd November 1900, from the Officiating Dewan of Mysore, to the Hon'ble the Resident in Mysore.

I have the honor to forward a copy of a Draft Regulation to amend the Land Improvement Loans Regulation, IV of 1890, and to request that you will be so good as to obtain the approval of the Government of India to its being passed into law.

2. As pointed out in the preamble to the Draft Regulation, a Notification appointing a date of commencement, as required by clause (3) of Section 1 of Regulation IV of 1890, has, by a regrettable oversight, not yet been issued; and as a consequence the Regulation cannot technically be considered to have come into operation, though, as a matter of fact rules and orders have been framed thereunder from time to time and are being acted upon during the last ten years. It is necessary to legalize what has already been done under the Regulation and the Durbar consider that the only manner in which this object can be attained is by an amendment of clause (3) of Section 1, as now contemplated, with retrospective effect from the date of passing of Regulation IV of 1890.

(2) Letter No. 453, dated the 29th January 1901, from the First Assistant to the Hon'ble the Resident in Mysore, conveying the approval of the Government of India to the passing of the Draft Regulation referred to in the above.

No. 10104—LEGIS. 83, DATED BANGALORE, 8TH FEBRUARY 1901.

ORDER THEREON—**Ordered that the Draft Regulation to amend the Land Improvement Loans Regulation, IV of 1890, which received the assent of Her Highness the Maharani-Regent on the 6th day of February 1901, be promulgated.**

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, with a copy of Regulation I of 1901, for publication in three successive issues of the *Gazette*, and for supply of 50 spare copies to this office.

Copy to the Revenue Department with 10 spare copies of Regulation I of 1901.

LOCAL FUNDS

Proceedings of the Government of Mysore,

READ—

Letter No. 368, dated 26th November 1900, from the President, District Fund Board, Kolar, submitting the supplemental District Fund budget estimates of the Kolar Local Fund Circle for 1900-1901.

No. 9821-30—L. F. 40-99, DATED BANGALORE, 5TH FEBRUARY 1901.

ORDER THEREON—The increases proposed in the above are given hereunder :—

	Rs.
I. Opening Balance	6,844

EXPENDITURE.

A. Public Works to be executed by the Public Works Department.—

I. Original works	1,500
II. Repairs	52
III. Establishments	272
IV. Tools and plant	28

B. Public Works to be executed by the Revenue Department.—

I. Original works	26,763

C. Civil Charges.—

V. Sweepers for 3rd class travellers' bungalows, &c. ...	248
X. Miscellaneous.—	
(6) Furniture to President's Office	28
(10) Reception of His Excellency the Viceroy ...	500

2. The increase proposed under "Opening Balance" is due to the actual balance according to the Comptroller's account for 1899-1900 having been entered in lieu of the approximate estimate provided in the original budget. The provision is passed.

3. *A. Public Works to be executed by the Public Works Department.*—The provision made under "I Original Works" on account of the margi ally noted works and that proposed under "IV. Tools and Plant" will be allowed. But that made under "II. Repairs" and "III. Establishment" will be allowed to stand tentatively, pending explanation as to why the cost of stopping the leakages in the bund of the Dharmarayankere, an irrigation work, should be met from District Funds instead of from Provincial Public Works Department budget.

	Rs.
I. Original—	
1. Metalling and improving Kolar-Sompur road ...	1,000
2. Constructing 3rd class travellers' bungalow at Chelur ...	500
Total ...	1,500
II. Repairs—	
1. Stopping leakages in Dharmarayankere	52

4. *B. Public Works to be executed by the Revenue Department.*—The provisions made for drinking water wells (Rs. 1,000) and for incomplete works of previous years will be approved; but it is not clear why no corresponding increase has been provided on account of supervision charges. The omission will be supplied and the estimate raised by Rs. 2,676.

5. *Civil Charges.*—Sweepers for 3rd class travellers' bungalows and musafirkhanas.

The increase proposed under this head is to meet the cost of the revised scale of establishments of 3rd class travellers' bungalows sanctioned in Proceedings No. 7412-3—L. F. 70-94, dated 27th November 1900. The correct amount that has to be entered in accordance with the above Order is Rs. 4,095, to which the provision will be raised.

6. The other items of increase on account of the reception of His Excellency the Viceroy at Bowringpet and the furniture of the District office establishments are in accordance with the Board's resolution and are allowed.

7. The budget estimates of the Kolar Local Fund Circle for 1900-1901, as now revised, are given in the accompanying appendix, of which an abstract is given below:—

	Rs.
Receipts.	
Opening Balance	54,157
Receipts during 1900-1901	75,850
Total including Balance ...	130,007
Expenditure.	
A. Public Works to be executed by the Public Works Department.	48,457
B. Public Works to be executed by the Revenue Department ...	44,489
C. Civil Charges	24,236
Total A, B & C ...	117,182
Closing Balance ...	12,825

8. From the above, it appears that the closing balance is less than the prescribed minimum by Rs. 6,137. Every endeavour should be made to maintain the prescribed minimum by effecting savings in the sanctioned items.

Letter No. 634, dated the 7th January 1901, from the same officer, submitting with reference to this office docket No. 8459—L. F. 38-1900 of the 24th December 1900, a statement showing the amounts sanctioned from Local Funds General from 1897-98 to 1899-1900, the sums spent and the amounts that lapsed at the end of each year.

No. 9936-44—L. F. 38-1900, DATED BANGALORE, 7TH FEBRUARY 1901.

ORDER THEREON—Government are pleased to sanction out of the lapsed grant of Rs. 9,936-6-3, a grant of Rs. 5,614-4-8 from Local Funds General for completing during the current year works undertaken from sanctioned grants which have since lapsed. Applications for lapsed grants are very inconvenient and should be avoided as far as possible by trying to utilize the whole of such grants before the close of the year of sanction.

The President is authorized to push on to completion the incomplete works particularized in the list submitted with his first letter at a cost not exceeding the present grant of Rs. 5,614-4-8.

Letter No. 1042, dated the 4th January 1901, from the President of the District Fund and Municipal Boards, Bangalore district, submitting copies of resolutions of the Boards concerned on the subject.

No. 10661-70—L. F. 93-97, DATED BANGALORE, 16TH FEBRUARY 1901.

ORDER THEREON—Government have already done a great deal and spent large sums of money on account of plague prevention measures. The sheds in question are not likely to cost much, and there seems no real hardship in directing that those required for the protection of minor Municipal towns should be put up at the cost of Municipal Funds, while those in rural parts should be constructed from District Funds, subject to the proviso that in cases where it is found that the Municipalities concerned have no funds to meet the cost wholly or in part, the question of the sanction of a grant-in-aid from Plague Funds on special application will be considered and dealt with on the merits.

	Opening Balance ...	5,485		Total ...	7,683

RECEIPTS.

2. *I. Octroi.*—The increase of Rs. 500 proposed under this head in the budget of the Chitaldrug Municipality is expected from cloth, which is being largely imported into the town for consumption. The estimate is passed.

3. *II. House-tax and VII. Mohatarfa.*—The expected collection of arrears of previous years in the Municipalities of Davangere and Harihar accounts for the increase under these heads, which is approved.

4. *X. Miscellaneous.*—The details of supplemental grants proposed under this head are noted below :—

	Davangere.	Harihar.	Chitaldrug.	Total.
	Rs.	Rs.	Rs.	Rs.
(b) Refunds	307	73	...	380
(g) Sale of manure	150	...	...	150
(m) Contribution	...	...	100	100
Total ...	457	73	100	630

5. *Item (6) Refunds.*—This item, being the unexpended balance out of sums drawn in 1889-90 for compensation to buildings acquired for roads, &c., is only an adjustable item and not a source of revenue; the amount will therefore be struck off the budgets and the estimates reduced accordingly.

6. *Manure and Contribution.*—The increased revenue from manure resulting by the removal of sweepings by amani instead of on contract as heretofore and the amount of contribution expected from the townspeople of Chitaldrug for deepening and improving drinking water well are approved.

7. The increase under opening balance, which is in accordance with the actual accounts of the Comptroller, is passed.

EXPENDITURE.

I. Interest on debt and repayment of loans. The budgets of Davangere and Harihar provide additional sums required for payment of interest and annual instalments towards the adjustment of loans advanced by Government. They are allowed, subject to modifications being made on receipt of information from the Comptroller as to the correct provisions to be made for repayment of loans.

8. *III. Collections.*—The provision made under this head, on account of arrears of commission due for previous years to the collection agency, accounts for the increase under this head, which is approved.

9. *IV. Conservancy.*—The increase under this head is due to the provision made for the pay of the scavenger from 1st October 1900, sanctioned for Harihar in Proceedings No. 5431-2—L. F. 60-99, dated 17th October 1900. This is sanctioned.

10. *IX. Charitable Grants and X. Education.*—The budget of Hosdurga provides Rs. 168, Rs. 75 and Rs. 170 on account of dispensary, pay of midwife and school charges of the town, respectively. This is in accordance with Proceedings No. 7242-3—L. F. 82-98, dated 24th November 1900, and is passed.

11. *XI. (c) Cattle Pounds.*—The increase of Rs. 60 provided in the budget of Bagur, which is on account of the removal of the cattle-pound to a new locality, is passed.

12. *XI. Miscellaneous (h) Other Items.*—The provision made under this head for purposes noted in the margin is allowed, subject to the submission of a separate reference showing the necessity for the employment of a fitter from 1st November 1900.

	Rs.
(1) Pay of fitter at Rs. 12 per mensem from 1st November 1900.	96
(2) Care-takers to look after the memorial hall sanctioned in Proceedings No. 13888-9—L. F. 82-98, dated 30th June 1900.	72
(3) Arrears of pay to look after the memorial hall sanctioned in Proceedings No. 13888-9—82-98, dated 30th June 1900.	18

Letter No. 2768, dated the 24th December 1900, from the Plague Commissioner in Mysore, forwarding, for the orders of Government, letter No. Pg. 195, dated the 22nd December 1900, from the Deputy Commissioner, Tumkur district, applying for a grant of Rs. 5,000 from Plague Funds for carrying out certain sanitary improvements in the town of Kunigal; and stating that the cost of extending or otherwise improving the town should be met either from the sanitary budget or from the Local Funds General.

No. 11033-42—L. F. 15-99, DATED BANGALORE, 22ND FEBRUARY 1901.

ORDER THEREON—The closing balance of the Kunigal Municipality, as per sanctioned budget for 1900-1901, is more than the prescribed minimum. A portion may be utilized annually for effecting the sanitary improvements. This matter should be dealt with by the Deputy Commissioner as President of the Municipal Board.

2. The sanitary improvements in each place could only be effected gradually and out of Municipal and District Funds. In the present state of the finances, it is impossible to expect any grant from Provincial Funds or Local Funds General.

NOTIFICATION.

Under Article 172 of the Mysore Service Regulations and Section 14 of the Municipal Regulation, Mr. H. Nanjundaraj Urs, Vice-President of the Mysore City Municipal Commission, is granted 15 days' casual leave of absence, with effect from the 15th February 1901 or from such other date as he may avail himself of the same.

Under Section 14 of the Municipal Regulation, Mr. A. W. L. Hayes, Extra Assistant Commissioner, will carry on the duties of Vice-President of the Mysore City Municipal Commission, during the absence of Mr. H. Nanjundaraj Urs on leave or until further orders.

Government Proceedings No. 7388-9—R. 2457, dated 16th April 1900, sanctioning a loan of Rs. 2,800 to Mr. Partridge under the Land Improvement Loans Regulation IV of 1890, for the improvement of his lands in the kayamgutta Gollahalli village in the Bangalore taluk.

READ—

(1) Correspondence ending with letter No. A, dated 27th October 1900, from the Deputy Commissioner, Bangalore, recommending the grant of an enhanced loan of Rs. 7,000 (inclusive of Rs. 2,800 already sanctioned) to Mr. Partridge for the improvement of his lands referred to above.

(2) Letter No. 239, dated 18th December 1900, from Mr. J. Cameron, Superintendent, Government Gardens, reporting on his inspection of Mr. Partridge's estate.

(3) Letter No. 213, dated 3rd January 1901, from Dr. A. Lehmann, Agricultural Chemist, reporting on his inspection of Mr. Partridge's estate.

(4) Letter, dated 19th January 1901, from Mr. Partridge, requesting early orders on his loan application.

No. 5719-21—R. 1950, DATED BANGALORE, 4TH FEBRUARY 1901.

ORDER THEREON—In Proceedings No. 7388-9—R. 2457, dated 16th April 1900, a loan of Rs. 2,800 repayable with interest at 5 per cent per annum in 10 years was sanctioned to Mr. Partridge for the improvement of his lands in kayamgutta Gollahalli village, also called Govindapur, in the Bangalore taluk, on the security of the whole kayamgutta village. The Deputy Commissioner reports that out of the loan thus sanctioned, Mr. Partridge has drawn Rs. 2,000 for sinking two wells, that the balance will be paid after he shows sufficient work for the amount already advanced, that he inspected the estate in question and found a pretty large area carefully prepared and planted up with mulberry, and the applicant has obtained a good supply of silk-worms with the intention of carrying on silk industry on an extensive scale and has employed a specialist from Calcutta to look after the worms and is sparing no pains to make his venture a success. He adds that Mr. Partridge's enterprise is commendable and that sericulture is a very important industry and is deserving of encouragement, and he accordingly recommends that, including the Rs. 2,800 already sanctioned, Rs. 7,000 may be advanced to the applicant.

Government are satisfied that Mr. Partridge is doing very earnest work, that he has planted up a portion of his land with mulberry; that for want of leaves he has to suspend working at silk at intervals, which he wishes to avoid by bringing some more land under mulberry cultivation which is very desirable; that he takes pains and supervises the work personally and that in fact he does much of it himself and deserves encouragement.

Mr. Cameron, who was requested to inspect the estate and express his opinion, states that the chief products of the estate are mulberry, coffee and grafted mango, that the cultivation of mulberry and the rearing of silk-worms are at present the chief operation of the farm; that with an abundant and regular supply of mulberry leaves available, Mr. Partridge is confident that this industry will prove a remunerative one not only in his own case but also in the case of others who would take the trouble to examine and eliminate all diseased moths as he is doing; that the mulberry bushes which are mostly young and immature cover an area of about 15 acres, but to provide sufficient food for a large number of worms the present cultivation must at least be doubled; that Mr. Partridge is

unfortunately short of funds, having sunk his capital not only in acquiring the land but also in sinking pukka wells and planting up the property; that sericulture is an important industry which should receive every possible encouragement; and that as Mr. Partridge has made such a good start, the loan now asked for may be granted to him in addition to that already sanctioned.

Dr. Lehmann, who was also consulted, reports that Mr. Partridge is applying the knowledge and experience of other nations, so far as he knows it, to the silk industry as at present practised in Mysore; that the improvements he introduces are not revolutionary but such as may be imitated by the natives of the State; that if Mr. Partridge succeeds, his example will materially assist to place the Mysore silk industry on a sound basis; that Mr. Partridge is not a very experienced agriculturist, but in so far as this makes him all the more ready to act upon reliable advice and try the suggestions offered him by the Government for the improvement of the industry to which he has devoted himself, this is no drawback; that many persons will follow his example in this and other branches of agriculture, as such private enterprise assisted and influenced by Government will greatly assist in the direct teaching imparted by Government through their officers and their experimental farms; that Mr. Partridge's knowledge of the silk industry is already much in advance of that possessed by the average of those engaged in this industry in the Mysore State, so that he may be considered as an expert, and furthermore he is willing to carry out such advice as may be given him, provided it is in his power to do so, and that Mr. Partridge deserves all the encouragement and assistance Government can give.

Under the foregoing circumstances, Government are pleased to sanction the further loan applied for under the Land Improvement Loans Regulation and the Rules framed thereunder. The total loan of Rs. 7,000 will be repaid in 20 annual equal instalments together with interest at 5 per cent per annum as required by the rules.

The Deputy Commissioner is requested to have the necessary document executed in due form as required by the rules.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

2. The attention of the Deputy Commissioners of Tumkur and Hassan districts is again drawn to paras 2 and 3, respectively, of Government Proceedings No. 1591-8—R. 514, dated 18th August 1900, and they are requested to expedite the submission of the explanation therein called for.

3. The Deputy Commissioners of Mysore and Shimoga are requested to expedite the disposal of the large number of darkhasts pending in their respective districts at the end of the quarter under review.

4. The Deputy Commissioners of Hassan and Kolar are requested to obtain and submit the explanation of those Amildars with whom the darkhasts of 1892-93 and 1894-95, respectively, are pending, for their not disposing of them from such a long time.

5. On the whole, Government are not satisfied that applications of the kind under advertence receive from Taluk and District authorities the prompt attention that they ought to. They hope that all concerned will exert themselves and show a marked improvement in the near future. Explanations called for should be submitted in every case with the least practicable delay so as to obviate the necessity of reminders being sent by Government in respect thereof.

ALSO: *Letter No. 2015, dated the 7th May 1900, from the Chief Engineer of Mysore, on the subject.*

No. 5903-5—R. 2042, DATED BANGALORE, 8TH FEBRUARY 1901.

ORDER THEREON—In his letter No. 394—376, dated the 7th December 1899, the Deputy Commissioner proposed that, as the raiyats holding lands under the Bhimasamudra tank, who live at considerable distance from the tank and its channels, could not remove silt from the beds of the channels, which are of considerable length, and execute the annual earth-work to the bunds thereof, an acreage contribution of annas 4 might be levied from them. He further stated

that the raiyats concerned had agreed to this arrangement and voluntarily executed muchalikas binding themselves to pay annas 4 per acre, which amounted to about Rs. 543.

2. The Chief Engineer, who was consulted on the subject, was of opinion that it would not be advisable to reduce the rate to annas 4 per acre, that the Deputy Commissioner's proposal to levy the acreage contribution might be sanctioned on the same terms and conditions as those laid down in the case of the Rekalgere project in Government Proceedings No. 3367-9—R. 1164, dated 26th September 1896, under which annas 8 was levied, as the reduction of the rate would lead to dissatisfaction on the part of the Rekalgere raiyats.

3. On further enquiry, the Deputy Commissioner states that the raiyats complain that the rate of annas 8 is too high, but, however, in view of the large amount of work that has immediately to be executed, the said rate of annas 8 may for the present be recovered and that after the tank and the channels are restored to their normal condition, it is unfair to compel the raiyats to continue to pay the same rate, instead of annas 4 per acre.

4. In agreeing with the Chief Engineer, Government direct that as in the case of the Rekalgere project, annas 8 per acre be levied annually from the raiyats holding lands under the Bhimasamudra tank, as a substitute for the clearance of silt and the execution of earth-work to the bund, subject to the condition that this concession is liable to be withdrawn whenever it is deemed necessary to do so. The question of reducing the rate will be considered later on, if after a few years' experience it should be found that the collections at the rate now sanctioned materially exceed the cost of work done by the Public Works Department on account of the raiyats. On this point, a report should be submitted in 1905.

5. The amount recovered will be credited to the Public Works Department funds, and the work will be carried out by that Department.

Reports received from the districts for the four quarters of the official year 1899-1900.

No. 6135-42—R. 2119, DATED BANGALORE, 15TH FEBRUARY 1901.

ORDER THEREON—From the statement appended below, it is clear that most of the districts have not been punctual in the submission of their reports and that Hassan has been the most dilatory of all. Government regret to observe that their clear instructions on the subject have not been strictly carried out by any of the districts except Kadur, while the entire omission to give any attention to them by the Deputy Commissioner of Hassan until several times reminded, is reprehensible and requires an immediate and full explanation which has been separately called for. In future, Government trust that they may have no occasion to find fault with delays on the part of their District Officers in the matter of these or other reports to the regularity and punctuality in the submission of which they (Government) attach the greatest importance. Delays on the part of Sub-Division Officers and Assistant Commissioners should at once be brought to the notice of Government with their explanation, while in the Deputy Commissioner's office there ought to be no delay in compiling all reports and forwarding them on due date. The reports of Sub Division Officers and Assistant Commissioners should under no circumstances fail to reach the Deputy Commissioner's office at least five days before the date on which the consolidated return has to be sent up to Government.

Proceedings of the Government of Mysore,

Letter No. 1023, dated the 22nd December 1900, from the Comptroller to the Government of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to state that there appears to be no general order of Government extending the provisions of the Mysore Service Regulations to Municipal and District Fund servants. As the detailed audit of the pay and allowances of these servants conducted by this office has to be based on rules obtaining generally in the case of Government servants, I request you to be so good as to obtain the formal orders of Government making the Regulations applicable in their entirety to the Fund servants. So far as their pensions are concerned, Government have expressly ordered them to be determined according to Mysore Service Regulations,—*vide* Government Proceedings No. 170-80—L. F. 105-95, dated 4th July 1898.

2. The benefit of casual and privilege leave rules has also in more than one instance been extended to these servants,—*vide* Government Proceedings Nos. 6559-60—L. F. 4093 and 7889-90—L. F. 40-93, dated 16th October and 14th November 1893, respectively.

No. 6480-9—FL. 651, DATED BANGALORE, 23RD FEBRUARY 1901.

ORDER THEREON—Government are pleased to direct that the provisions of the Mysore Service Regulations shall, as far as they may be applicable, be observed in dealing with the servants of the Municipal and the District Fund Boards under the marginally noted Proceedings of Government.

Correspondence ending with letter No. 665, dated 16th January 1901, from the Deputy Commissioner, Tumkur district, proposing a refund of Rs. 17 in favor of one Channegauda.

No. 6582-3—FL. 667, DATED BANGALORE, 26TH FEBRUARY 1901.

ORDER THEREON—The correspondence read above shows that in September 1897, one Lingarasiah applied for the marginally noted lands for cultivation in the village of Kestur, Tumkur taluk. The shekdar to whom the Amildar referred the matter, having reported that the lands were valuable ones, the Amildar ordered their sale and issued sale notifications. The lands were accordingly sold by the shekdar on the 12th November 1897 and knocked down to one Channegauda for Rs. 17, which amount was duly re-

covered and credited. In the meanwhile, on the 1st November 1897, Lingarasiah, who had entered on the lands in question between the 20th October and the 1st November 1897, petitioned the Amildar for the withdrawal of the order for sale, alleging that as the lands had been entered in the list A, he had in anticipation of sanction entered upon them under Rule 21 of the Land Revenue Rules; and that the shekdar's failure to deliver the saguvali chits was due to petitioner's refusal to give him a share in the lands. The Amildar after holding an enquiry into the matter on the 16th November 1897, decided that the accusation brought against the shekdar was false; that as the lands fetched a value of Rs. 17, the shekdar's report to the effect that they were valuable, was true, and that the matter of Lingarasiah's unauthorized cultivation of the lands should be brought on the Takrar list. The Deputy Commissioner, to whom Lingarasiah appealed against the above order, having confirmed it and rejected the appeal, the matter of his unauthorized cultivation was enquired into by the Jamabandi Officer on the 8th April 1898, and he decided that though the unauthorized cultivation was clear, no fine need be levied as the darkhastdar appeared to have done it under the conviction that the saguvali chits had been prepared in his name, and that the levy from him of the kandayam on the lands, *viz.*, Rs. 71-9-0, for the year 1897-98, was sufficient. He further ordered that the auction purchaser Channegauda might be put in possession of the lands from 1898-99. But Channegauda refused to take up the lands and asked for the refund of the money deposited by him. The Deputy Commissioner now submits a refund bill for Rs. 17 in favor of Channegauda. It is reported further that paddy was grown on the lands and that the crop was harvested by Lingarasiah about June 1898.

2. Government observe that there was a crop on the land at the time of sale. But it was not stated that the land with that crop would not be sold. There is nothing on record to bring to the purchaser's knowledge that the crop on the land was to be harvested and then the land given to him. The presumption is possible that he understood that he was buying the crop also. Under all the circumstances, the purchase money, *viz.*, Rs. 17, will be refunded. The Deputy Commissioner is requested to warn the taluk officials to avoid such confusions in future. The proclamation of sale ought to have set forth the exact conditions of the sale, and whether the crop was to go with the land, or whether the sale was to take effect from the next year.

EXCISE

Proceedings of the Government of Mysore,

READ—

Correspondence ending with the Excise Commissioner's letter No. 1269—64, dated 11th—13th August 1898.

2. Also Government Proceedings No. 8368-77—Ex. 324, dated the 9th March 1898.

No. 6362-71—Ex. F. 11-97, DATED BANGALORE, 20TH FEBRUARY 1901.

ORDER THEREON—The Government, after carefully considering the points urged by the Excise Commissioner, are of opinion that the orders passed in the Proceedings read above, regarding the duties and powers of the officers of the Excise Department, require modification. Accordingly the Government are pleased to issue the following orders in supersession of those in para 1, 2, 3, 4, 5, 6 and 9 of the aforesaid Proceedings :—

1. The Deputy Excise Commissioner instead of being placed in charge of a Division, will be available for provincial inspection work under such arrangements and such distribution of districts as may be made from time to time by the Excise Commissioner between himself and the Deputy Excise Commissioner. During his tours of inspection, the Deputy Excise Commissioner will have power to fine all subordinate officers of the Excise Department up to Rs. 10, communicating the same to the Excise Commissioner or District Deputy Commissioner, as the case may be.

2. For efficient supervision over the work of the subordinate officers of the Department, and to ensure success under the tree-tax system of the administration of toddy revenue as well as under the revised systems of other items of Excise revenue, it is necessary that there should at least be four Divisional Officers, each of whom should be in charge of two districts, there being altogether eight districts in the State.

3. For the purposes of Excise work, the districts will be distributed among them as per particulars below :—

	Name of Division.	*Districts included in the Division.*
(1)	Bangalore	Bangalore and Kolar.
(2)	Tumkur	Tumkur and Chitaldrug
(3)	Mysore	Mysore and Hassan.
(4)	Chikmagalur	Kadur and Shimoga.

4. The service of Supervisors being *provincial*, their appointments will be made by Government, or with delegated powers the Excise Commissioner will appoint, promote and transfer *all* Supervisors irrespective of pay. In the latter case, the appointments of Supervisors drawing above Rs. 100, made by him, will be subject to the approval of Government. He will also appoint clerks in his own office up to Rs. 100, and those in Assistant Excise Commissioners' offices, above Rs. 20. In regard to punishments he will have full powers in respect of all the above officials, the dismissal, degradation and suspension of those drawing above Rs. 100 being subject to the approval of Government. He will have power to transfer Inspectors of all grades and clerks from one district to another. All leave to Supervisors will be granted by him.

5. The Deputy Commissioners of districts will appoint, promote and transfer Inspectors of and above Rs. 20 and Excise clerks in District and Taluk offices. In regard to punishments, they will exercise full powers in respect of Inspectors of all grades. They will also approve of the promotions, punishments, transfers and grant of leave recommended by Divisional Officers.

6. The Deputy Excise Commissioner will be in immediate charge of the Government Central Distillery, Bangalore. He will have power to make all appointments up to Rs. 30 in the distillery and in his own office. In regard to punishments he will have full powers in respect of the said appointments.

7. The Assistant Excise Commissioners will exercise the following powers :—

Appointments.—Inspectors up to Rs. 15, clerks up to Rs. 20 and menial servants, Examiners and Supervisors' clerks.

Transfers.—Inspectors of Rs. 25 and above, subject to District Deputy Commissioners' approval, and full powers in the case of other Inspectors, Examiners and Supervisors' clerks.

Leave.—Inspectors of and above Rs. 25, subject to District Deputy Commissioners' approval, and full powers in case of all other Inspectors, their own clerks, Examiners and Supervisors' clerks.

Punishments.—Fine up to Rs. 5 and black marks in case of Inspectors of all grades, and clerks up to Rs. 20, may degrade and suspend Inspectors of Rs. 15 and their own clerks up to Rs. 20, and full powers as regards Examiners, Supervisors' clerks and all peons and other menial servants.

The Supervisors will have the following powers :—

Appointments.—Tree-markers and peons subject to Divisional Officers' approval.

Transfers.—Full powers in case of tree-markers and peons within their ranges.

Promotions.—Tree-markers and peons subject to Divisional Officers' approval.

Leave.—Full powers in case of tree-markers and peons.

Punishments.—May fine tree-markers and peons up to Rs. 2 subject to an appeal to or revision by the Divisional Officer; and award black marks. Dismissal, suspension and degradation in case of tree-markers and peons may be recommended to Divisional Officers.

9. Inspectors and petty officers will send their weekly diaries, &c., to the Supervisors, who will submit them with their remarks to the Divisional Officer.

10. Supervisors will send their diaries and crime sheets as at present to the Divisional Officer. Supervisors and Inspectors will submit their statements of inspection to the District Deputy Commissioners as at present.

11. The inspection diaries of Divisional Officers will be drawn up separately for the district where they may be inspecting and will be sent to the Excise Commissioner through the Deputy Commissioner of the district concerned. Their weekly diaries and reports on all Departmental matters will be submitted direct to the Excise Commissioner.

4. Chimadi Muniga.		
(Plaintiffs).		

This is an appeal against the decree of the Deputy Commissioner, Bangalore district, in Revenue Appeal Case No. 4 of 1897-98, on the file of his Court, confirming that of the 3rd General Assistant Commissioner dismissing the plaintiffs' suit for recovery of certain Nirganti Service Inam lands at Hennur in the Bangalore taluk.

The facts of the case are as follows :—

In 1895, the plaintiffs sought to recover in a regular suit a portion of the Service Inam lands attached to the Nirganti office of Hennur village, alleging that the 1st defendant and his father Baliga (since deceased) had obtained wrongful possession of the same. The 3rd General Assistant Commissioner who tried the suit dismissed it on the ground that the 1st defendant and his father were also hissedars to the Nirganti office and that there was no proof of wrongful possession of the inam lands by them. On appeal the Deputy Commissioner concurred in the above decision and rejected the appeal. Hence this second appeal to Government.

2. The enquiry held by the Courts below having been found to be perfunctory and such as did not enable the Government to pass a decision on the merits, the Deputy Commissioner was requested in Government Proceedings No. 526—P. F. 81-97, dated 20th July 1898, to submit either by himself or by the Assistant Commissioner in charge of the taluk a specific finding on each of the following points :—

(i) What was the Survey number and actual extent of the land claimed by the plaintiffs ?

(ii) Was the land a portion of the Nirganti Service Inam lands ?

(iii) Who was performing the Nirganti duties of the village ?

(iv) Who had been paying the Jodi on the land in dispute since the Survey Settlement ?

(v) How was Yerroba, who was mentioned in the *Kalayukti* accounts and the Jodidar Patrik, related to the defendant Yerroba ; and how were Giriya and Narayani, referred to in the Inam Register, related to plaintiffs and defendant or to either of them ?

(vi) Had the defendant any share in the Nirganti hak ?

DECISION.

The findings now submitted are all in favor of the defendant—respondent. His grandfather's name Yerroba appears in the village accounts, and it has been found that the defendant has been long in possession of the land in dispute. This appeal is dismissed.

Petition No. 420, received on 30th August 1900, from Vijayappa and others of Settihalli in the Tiptur taluk, appealing against the order of the Deputy Commissioner, Tumkur district, directing the levy from the petitioners by coercive processes of the cost of earth-work and turfing amounting to Rs. 136-10-0 executed to Settihalli tank by Government.

2. Letter No. 514, dated 23rd November 1900, from the Deputy Commissioner Tumkur district, reporting on the above as follows:—

In returning the petition received with your docket No. Pet. 337, dated 11th September 1900, from Vijayappa and others of Settihalli in the Tiptur taluk, complaining of the levy from them of the cost of the earth and turfa-work done to their village tank, I have the honor to state that this tank is situated above the railway line, near the Railway Station at Karadi. It has no sluice but the atchkat under the tank is—

	A.	g.			Assessment. Rs.	a	p.
Wet	1	15	...	...	5	4	0
Bagayet	42	37	...	...	111	4	0
Total	44	12	...	...	116	8	0

The whole atchkat is under occupation. It benefits, though indirectly, from the water retained in the tank.

2. In 1897, under instructions from the Chief Engineer, the Executive Engineer of the Tumkur Division forwarded to me a list of tanks above the railway line, which required to be brought up to a standard of safety, and requested me to have the needful work done to them by the villagers concerned, in accordance with the Chief Engineer's Note,* copy of which is herewith forwarded for perusal. The standard fixed in regard to minor tanks was that the bund should be 4½ feet above kodi level, the top width 6 feet, and the front and rear slopes of bund 2 to 1 and well turfed.

*(1) Public Works Secretary's Circular No. 716—3869, dated 26th July 1895.

(2) Chief Engineer's Note, dated 7th October 1897.

3. In accordance with this requisition, an estimate was prepared for the work required for the Settihalli tank. It amounted to Rs. 289, of which Rs. 52 represented earth-work, Rs. 162 turfing and Rs. 72 stone work with Rs. 3 for contingencies. The raiyats were asked to do the earth and turf-work themselves, but they refused to do so. The work was therefore carried out under contract. The outlay on earth and turf-work amounted to Rs. 136-10-0, for the recovery of which coercive measures were being adopted by the taluk authorities.

4. The road connecting the Bangalore-Shimoga road with the Railway Station at Karadi passes over the bund of this tank, and it is maintained from District Funds.

5. The petitioners' statement that there is no kandayam land under the tank is not true. They made a similar statement for the first time in a petition which they presented to me on the 31st of August 1900, and I at once gave orders for holding the coercive processes in abeyance.

ENCLOSURE (i).

Circular No. 716—3869, dated Bangalore, 26th July 1895, from the Assistant Secretary to the Government of Mysore, P. W. D., to the Executive Engineer, Mysore Division.

In returning the file of correspondence received with his No. 2499—267, dated 10th instant, informs the Executive Engineer that the Deputy Commissioner should at once be requested to attend to the minor tanks discharging across the railway line, under the Minor Tanks Restoration Scheme. The Government have directed that when the Revenue Department has got the raiyats to do their share of earth-work to such tanks, the remainder, and when no such work is done by them, the whole should be carried out by the Public Works Department and the cost of the raiyats' share intimated to the Deputy Commissioner for recovery in due course, as it is desirable that every tank, minor or major, taken up for restoration should be *completed in a thorough manner* by this Department as quickly as possible. The tanks in the most dangerous condition should be the first to be dealt with. Work to these minor tanks should be taken in hand at once, time is slipping by and nothing is being done in many drainages.

2. A map showing the tanks, both major and minor, taken up for protection of the railway, with a statement giving particulars as to when each work will begin and be completed, also cost chargeable to Government, to inamdars and to raiyats, has been called for by the Dewan. These documents should be prepared in consultation with the Deputy Commissioner, and submitted at an early date.

ENCLOSURE (ii).

Memo by the Chief Engineer, dated 7th October 1897.

All the minor tanks in a valley above a railway line should be dealt with by the Revenue Department and the raiyats, under the Minor Tanks Restoration Scheme, just as they are being dealt with in valleys not affecting railway lines.

2. The minor tanks immediately above the railway, that have not as yet been taken up by the Revenue Department and raiyats, should be taken up now by the Public Works Department, and the cost of earth-work intimated to the Deputy Commissioners for recovery from the raiyats concerned.

3. If such tanks have no wet cultivation or gardens below them, *i. e.*, pay no wet revenue, they may be breached, with of course the consent of the Deputy Commissioners.

4. In a valley above a railway, containing numerous minor tanks, one or two of such to be selected for restoration as "*stop tanks*" by the Public Works Department.

5. Sub-Overseers and Tank Inspectors have been told off to each district for the special purpose of furthering Tank Maintenance Rules and the Minor Tanks Restoration Scheme. The Deputy Commissioners ought to get them to give *their first attention* to the tanks in the valleys above the railways, the restoration of minor tanks in such valleys being considered specially urgent.

No. 5660-67—958, DATED BANGALORE, 1ST FEBRUARY 1901.

ORDER THEREON—The attention of the Deputy Commissioner is invited to para 5 of Government printed Proceedings No. 3035-43—P. 442, dated 11th October 1900, directing that, unless the tanks had been brought up to standard and handed over to raiyats for upkeep, such levy is illegal. The Deputy Commissioner will regulate his procedure in thie case in accordance with its provisions.

Petition of Appeal No. 1687, dated 26th February 1900, presented by Kasi Ranganna of Nanjangud against the order of the Deputy Commissioner, Mysore district, declining to grant either compensation or other lands in exchange for his lands taken up for the Rampur channel.

(2). *Letter No 491, dated 19th November 1900, from the Deputy Commissioner, Mysore district, reporting on the above.*

Adverting to your Official Memorandum No. Pet.—993 of 7th April 1900, forwarding for report the appeal petition of Kasi Ranganna of Nanjangud appealing against the order of this office declining to grant either compensation or lands in exchange for his land taken up for the Rampur channel, I have the honor to report as follows :—

The petitioner's holding in the village of Immavu consists of the marginally noted inam lands, having in all, as per *maji* accounts, a bijavari of 5 kolagas. The Rampur channel drawn from the Kapila river runs through a portion of Maji No. 486. On account of the said channel, only 17 guntas of Maji No. 486 was taken up along with some portions of lands comprised in the adjoining holdings of others.

Maji No.		Area.	Assessment. Rs. a. p.
486	Dry	3 kolagas	2 0 8
488	do	2 kolagas	0 9 4

As some of these land-holders claimed compensation in money, while others claimed lands in exchange for what was taken up for the channel, a good deal of correspondence took place between the Amildar, Division Assistant Commissioner, and this office, regarding the settlement of the question of compensation.

As above stated, the Maji bijavari of the petitioner's lands is 5 kolagas, the equivalent area according to survey measurement being 3 acres and 12 guntas. But as per recent survey the whole of the petitioner's holding, excluding the portion of the land taken up for the channel, measures only 2 acres and 39 guntas. Thus it will be seen that after all only 13 guntas of the petitioner's land has been taken up for the channel. He claimed in lieu thereof an equivalent area, if inam, or double that, if assessed, out of the Sirkar lands lying waste under the said channel. Owing to the channel passing through the petitioner's dry lands, their value is greatly enhanced. The benefit he has thus derived is more than a set-off for the small loss he has sustained by a portion of his dry land having been taken up for the channel, and considering that the petitioner has not paid any contribution, I have thought it proper to reject his application. If however, such small claims are recognized I apprehend that hundreds of applications will be pouring in.

The petition received with your Official Memorandum under reply, and the records connected with the case, as per accompanying *farist* are herewith submited.

No. 5670-77—P. 974, DATED BANGALORE, 1ST FEBRUARY 1901.

ORDER THEREON—The Deputy Commissioner is not sound in his reasoning. A man is entitled to receive compensation for any loss he has been put to, however small that loss may be. The Deputy Commissioner will settle compensation for the lands taken for the channel from the petitioner's holding and submit a report of final adjustment.

Appeal No. 47 of 1897-98.

PRESENT:

P. N. KRISHNAMURTI, ESQ., C.I.E., Member of Council,

AND

V. P. MADHAVA RAO, ESQ., C.I.E., Member of Council.

Appellants	*Versus*	Respondents
Puttanna and Shamanna (Plaintiffs).		Thammaiya and Krishnappa (Defendants).

The facts of the case are briefly these :—

One Nanjiah was the baravarddar shanbhog of Lalanahalli and five other villages in the Yedatore taluk. After his death, the baravard was transferred to the name of his second son Samiah in 1858, the first son having died before his father. Samiah died in 1879 and the baravard was transferred to the name of his minor son Nanjundiah, who dying in minority, his mother Nanjamma was made baravarddar in 1883 and her son-in-law was appointed to work as her gumasta.

2. The plaintiffs, who are the sons of the original baravarddar Nanjiah, protested against the appointment of Nanjamma's son-in-law Narasimmiah at the time of his death, stating that he was not a trustworthy man and was likely to misappropriate Government money, and begged that one of the brothers might be appointed in the place of Narasimmiah (*vide* exhibits C. and F.). No consideration was paid to these protests. Subsequently Narasimmiah was dismissed for misappropriating Government money and Nanjamma, being answerable for the acts of her gumasta, was declared to have forfeited her hak to the office in 1888 by Mr. Ananda Rao, Deputy Commissioner.

3. Then the office was offered to the plaintiffs on condition of their paying the money misappropriated by Narasimmiah, but they declined to pay it as they had already represented to the authorities the consequences of appointing Narasimmiah. The amount was however recovered from the sale proceeds of Nanjamma's property, and the office was bestowed on the present holders, who were entire strangers to the family.

4. In October 1895 the plaintiffs Puttanna and Shamanna filed a suit in the Court of the 1st Assistant Commissioner, Mysore district, to recover the shanbhogi office from the defendants. That officer decreed in their favor, but on appeal the Deputy Commissioner, Mr. Madiah, reversed that decree. Hence the present appeal to Government.

DECISION.

The Deputy Commissioner's judgment reversing that of the 1st Assistant Commissioner cannot be upheld. The respondents, Thammiah and Krishnappa, are utter strangers to the family of the original hakdar Nanjiah who died in 1858, and their appointment in 1888, to the exclusion of the appellants, who are the sons of Nanjiah, by the Deputy Commissioner on the former agreeing to reimburse the amount embezzled by Narasimmiah, gumasta of Nanjamma, the baravarddar, was wrong and opposed to the policy of Government which has found expression in the decision of Government in Appeal No. 54 of 1893-94, (*vide* Selections No. VI of 1898, pages 166 and 167). The appellants put forward their claim to the shanbhogi in question when the registry was transferred to Nanjamma's name on the death of her minor son in 1883, and they also submitted from time to time protests against the appointment and continuance of Narasimmiah her son-in-law, as gumasta, but without effect. Nanjamma's hak having been declared forfeited in 1888 and the shanbhogi having become vacant, the appellants should have been given the hak. It was irregular on the part of the Deputy Commissioner to have rejected the claim of the appellants, on the ground that they were not willing to pay up the amount embezzled by the gumasta of the last holder of the hak and to have invited applications for the post from such persons as were prepared to make good the money. The appointment of the respondents, who are strangers, cannot be recognized, and this finding gains strength from the fact that they have not even the recommendation of having paid up any portion of the embezzled amount. The

Deputy Commissioner's decision is therefore reversed, and that of the 1st Assistant Commissioner, restored. The appellants are accordingly declared, as against the respondents hakdars of the two shanbhogi circles in question, and each will be given a circle as officiator.

Petition No. 1468, dated 12th November 1896, from Venkatamuniyappa of Dodkari village, Bowringpet taluk, against the order of the Deputy Commissioner, Kolar district, declining to cancel the sale of a portion measuring 3 acres and 32 guntas assessed at Rs. 5-12-0, out of Survey No. 40 of Devarahalli village, to one Narappa Reddi, patel of the village.

(2). Letter No. 298, dated 27th June 1900, from the Deputy Commissioner, Kolar district, reporting as follows:—

* * * *

2. Maji No. 77 in the said Devarahalli village, measuring 8 kodus and 11½ padies and assessed at Rs. 5-1-10, was in the holding of the petitioner. During the Survey Settlement, which took place in the year Vikruti (1890-91), the said number and Maji Nos. 76, 78, 79 and 80 were grouped together and formed into Survey No. 40, the extent and assessment thereof being 10 acres and 10 guntas (minus 20 guntas kharab) and Rs. 15, respectively, and 5 acres and 38 guntas thereof assessed at Rs. 9-4-0 were confirmed to the petitioner; the remaining portion, *viz.*, 3 acres and 32 guntas assessed at Rs. 5-12-0, having been ordered in the Survey accounts to be made into a separate number, as it contained a large number of trees. From the extract received from the Survey Superintendent it appears that the Mojanidar, who was deputed for the purpose, reported that the portion thickly studded with trees measured only 1 acre and 20 guntas, and he was therefore directed to make that into a separate number and send the record to the Survey Department, in view to the remaining portion, containing only a few trees, being included in the holding of the petitioner after recovering a reasonable valuation therefor. On the Mojanidar having done so, the case was referred to the Amildar by the Survey Superintendent for further particulars. There the matter ended and no final report was made by the Amildar, as the records were lost and the gumasta to whom they had been referred, died.

3. During the year Nandana, Narappa Reddi, patel of Devarahalli, applied for the portion afore referred to, *viz.*, 3 acres and 32 guntas assessed at Rs. 5-12-0, and the same with the trees thereon valued at Rs. 15 was knocked down to him in auction for Rs. 20.

4. In the revised Akarband, subsequently received from the Survey Department, the said Survey No. 40 was shown as subdivided into two numbers thus:—

No.	Extent.		Assessment.		
	A.	g.	Rs.	a.	p.
40	8	30	12	0	0
74	1	20	3	0	0

5. The petitioner complained against the grant of the land to Narappa Reddi. The then Deputy Commissioner, Mr. Madiah, decided (*vide* order No. 174, dated 10th February 1896, marked A in the file) that the complaint of the petitioner was frivolous since the land in dispute was not in his enjoyment, that he was entitled only to 5 acres and 38 guntas and that the remaining portion (2 acres and 12 guntas plus 1 acre and 20 guntas of Survey No. 74) should remain with the purchaser.

These are the facts of the case.

* * *

(3). The records of the case.

No. 5789—Pet. 1008, dated Bangalore, 7th February 1901.

Order thereon—On the whole the order passed by the Deputy Commissioner seems to be the only possible order under the circumstances of the case. The taluk records of the time were undoubtedly in a very unsatisfactory condition, and the business was also conducted in a very lax manner; but no good object will be gained by trying to fix the blame upon the officers then responsible at this distance of time. The report to Government has been delayed for nearly four years, and this is not the solitary instance of such great and objectionable delay in this district.

2. The facts of the case are simply that the Survey No. 40 was originally made to comprise 10 acres and 10 guntas. At the time of the settlement it was found that a portion of this number contained valuable trees, and the portion thus found valuable was ordered to be deducted and formed into a separate number, while the balance of 5 acres and 38 guntas plus 20 guntas of kharab assessed at Rs. 9-4-0 was confirmed to the petitioner. But when a measurer was sent, it is said that he found it unnecessary to deduct such a large extent, and the corrected Akarband which was in accordance with his report made the two numbers comprise, respectively, Survey No. 40, 8 acres and 30 guntas, inclusive of a kharab of 20 guntas, assessed at Rs. 12, and Survey No. 74, 1 acre and 20 guntas assessed at Rs. 3. But the petitioner paid only Rs. 9-4-0, the original assessment, and on the application of one Narappa Reddi, 3 acres and 32 guntas were sold to him. Practically, therefore, the revised numbering of the Settlement Department adopted in the Akarband was not brought into force. The responsibility for this grave irregularity and omission attaches in the first instance to the taluk authorities. But it is clear that the petitioner has no grievance, because he cannot claim any land for which he paid no kandayam, and which was not even registered in his name. His appeal is groundless and is therefore rejected. The Deputy Commissioner will, however, see that the Village and Taluk Revenue Registers are made conformable to the present enjoyment, in communication, if necessary, with the Survey Department.

Petition No. 859, dated 24th October 1900, from Hanchinamane Imam Sahib of Hosahallipete, Chikmagalur taluk, appealing against the order of the Deputy Commissioner, Kadur district, cancelling the sale of coffee land Survey No. 101 of Joladhalu village, held for the recovery of the arrears of revenue due by the khatedar one Esuff Sahib.

(2) Letter No. 389, dated 3rd January 1901, from the Deputy Commissoner, Kadur district, reporting on the above as follows:—

* * * *

2. Coffee lands Survey Nos. 101 and 271 were in the khata of one Esuff Sahib, a minor. He fell into arrears of kandayam for the year 1899-1900, amounting to Rs. 21-7-0. The notice of demand, which was issued and served on the defaulter's mother Imam Bi, not having been complied with, the above lands which were estimated at Rs. 22 (No. 101 at Rs. 20, No. 271 at Rs. 2) were declared to be forfeited to Government and were advertized for sale. The sale notice was duly published and also served on the minor's mother.

Survey No.		Acres.	Guntas.	Assessment. Rs. a. p.
101	...	18	3	18 0 0
271	...	1	1	1 0 0

3. The date fixed for sale was 23rd July 1900, but the shekdar who had been deputed by the Amildar to conduct the sale, adjourned it to the next day (24th) as other sales occupied him till that (23rd) evening, and notified the same to people present. On the adjourned date, the shekdar held the sale in which the appellant purchased Survey No. 101 for Rs. 200. The other land was not sold as the arrears due to Government were more than realized by the sale of Survey No. 101.

4. On the 31st July 1900, the minor defaulter's mother Imam Bi presented a petition to the Amildar stating that she heard that her coffee land, which was worth a large sum and which had been mortgaged to the late Sringeri Dharmaiya Setti, had been sold for arrears of revenue, and that she thought that the kandayam would be paid as usual by the mortgagee. She requested that the sale might be cancelled accepting the amount from her for kandayam due, which she produced. This amount was credited to "Deposit" on 2nd August 1900.

5. On the sale records coming before Mr. Venkata Rao, Assistant Commissioner in charge of the taluk, he confirmed the sale on 19th August 1900 as there were no irregularities. It has to be observed here that the sale was sanctioned before the expiry of 30 days from the date of sale.

6. On 15th September 1900, the minor defaulter's mother presented a petition to me, appealing against the order of the Assistant Commissioner. The chief ground of appeal was that she received no notice of sale.

7. Upon perusal of the records, I passed the following order on 21st September 1900, setting aside the order of the Assistant Commissioner confirming the sale :—

"It is observed that the shekdar held the sale, the lands having been valued at Rs. 20 * * * * , respectively. This in itself is an absurd valuation, as Rs. 10 per acre is the upset price for coffee lands generally, irrespective of its being planted with coffee. The Amildar and the Assistant Commissioner should certainly have observed this before confirming the sale. As the value of the land is above Rs. 50 the shekdar is not entitled to sell it, and on these grounds the order confirming the sale is reversed and the land ordered to be resold, unless the petitioner pays up the amount due beforehand." The amount tendered by Imam Bi has been accepted. It is against this order Imam Sahib has appealed to Government.

8. The chief grounds of Imam Sahib's appeal to Government are that the sale was a regular one and that he had to borrow the amount to pay the purchase money.

9. I beg to state that it is reported above that the property was undervalued, and, as such, the shekdar was not a competent officer to conduct the sale. From the mahazar in the records, it is observed that the land sold is a cultivated coffee land, though not very well taken care of, and the sale appears to be a very great hardship to the owner; and I am inclined to think that the petitioner obtained the land for below its real value, and hence has appealed against the setting aside of the sale.

* * * *

(3) The records of the case.

No. 6026-33—Pet. 1050, dated Bangalore, 13th February 1901.

Order thereon—It appears that the Deputy Commissioner was quite right in cancelling the sale. The under-valuation seems to have been expressly made to bring the land within the competency of the shekdar to sell. The Amildar who permitted such an act deserves a reprimand, and the Assistant Commissioner was inconsiderate and did not realise the loss involved to the owner of the land when he confirmed the sale. He ought to be careful and use greater discretion and judgment in such matters. The very fact that the land was sold for Rs. 200 shows the absurdity of the valuation, and, as observed by the Deputy Commissioner, the upset valuation of coffee lands is Rs. 10 per acre. These facts ought to have been taken notice of by the Assistant Commissioner. On the whole the appeal is untenable and is rejected.

2. The allegations about the spuriousness of the signature, &c., will be taken notice of by the Deputy Commissioner.

Petition of Appeal No. 892, dated 24th October 1899, presented by Nadig Sivappa of Kerehalli in the Sorab taluk, against the order of the Deputy Commissioner, Shimoga district, declining to grant to petitioner a portion of Survey No. 72 of the said village applied for by him.

(2) Letter No. 186—154½, dated 20th August 1900, from the Deputy Commissioner, Shimoga district, reporting on the above.

(3) Letter No. 365, dated 26th November 1900, from the Superintendent of Revenue Survey in Mysore.

In returning the accompaniments to your letter No. 3877—Pet. 640, dated 12th November 1900, on the subject of the prayer of Nadig Sivappa of Kerehalli in the Sorab taluk for the grant of a portion of Survey No. 72 of that village, I have the honor to make the following remarks :—

2. The petitioner claims, rather than darkhasts for, the land in question.

3. There can be no possible doubt that at the time of survey measurement the land now claimed in Survey No. 72 was virtually abandoned, as the existence of forest upon it fully proves. Vestiges of former cultivation in unassessable land overgrown with forest, are quite common and no one claims them. The petitioner was silent at the time of measurement and during the settlement. Shortly after the settlement he agitated and has since continued to agitate his claims. The petitioner has not the most remote right to complain against the Survey Department. He had every opportunity of asserting his claims during measurement, and at settlement, but he did nothing.

4. The land is claimed as Inam land and, as defined in Inam Rule XIII, was undoubtedly abandoned, only of course no notice could be served on the Inamdar, as provided for in that Rule, because no one knew anything about the abandoned portion, the owner not having come forward (until long after the Survey measurement) to claim it. It is highly probable that the petitioner kept silent at the settlement because he thought he could still continue to use the land in the only way he had been using it but afterwards found that he could not do so.

5. It seems to me purely a question for Government clemency. I would suggest that the 27 odd acres claimed might be marked off in a reasonably compact block and given a new Survey number and assessed as dry land at six annas an acre, and that the Forest Department be allowed two years to remove such timber as exists, the Inamdar in the meantime being allowed to clear but not to remove any timber to any distance beyond the edges of the new Survey number.

6. I think that the petitioner has forfeited his claim to hold the land as Inam, and that it should be fully assessed.

(4) The records of the case.

The facts are as follows :—

The petitioner claims as Inam a portion of Survey No. 72 of Kerekalli village, Sorab taluk. At the Survey Settlement in 1871-72, the land in question was measured into Survey No. 72 and classed as District Forest. Soon after the settlement, the petitioner represented that the land was his Nadig Inam, but no orders appear to have been passed till 1884, when Nadig Sivappa renewed his claim. In 1886, the Deputy Commissioner pleading want of jurisdiction in the matter, referred the petitioner to competent Courts for redress of his grievance.

2. In 1887, Nadig Sivappa again urged his claim to the land to the Deputy Commissioner, who, after referring him to the previous order, informed him that he could darkhast for the land. The petitioner's son applied for the land in 1887, but in 1885 the Sub-Division Officer (Mr. Raghunatha Rao) rejected the application on the ground that the land was valuable forest and should continue to be reserved.

3. In 1896, the petitioner made a further representation to Mr. K. Ramachandra Rao, Jamabandi Officer of the taluk, who reported to the Deputy Commissioner that the petitioner's claim to the land should be allowed. The Deputy Commissioner, however, decided that the claim to hold the land as Inam could not be re-opened after so many years but that his darkhast for the land could be considered on its merits.

4. When, however, the land was subdivided and the Amildar submitted the alienation statement, the Sub-Division Officer as well as the Deputy Commissioner considered that, as the land was full of valuable trees, it should continue to be District Forest, and rejected the petitioner's application for the land.

No. 6035-44—PET. F. 36-1900, DATED BANGALORE, 13TH FEBRUARY 1901.

ORDER THEREON—As suggested by the Superintendent of Revenue Survey in the letter read above, the Government are pleased to direct the grant to petitioner of 27 acres and 6 guntas of land applied for by him. The land, which will be demarcated into a compact block and given a new Survey number, will be subject to full assessment, and the Forest Department will be requested to remove from the land in question, within two years, such of the timber as is likely to yield immediate profit to Government.

Petition No. 589, dated 11th August 1896, from Muniga, son of Gurappa of Desahalli, Bowringpet taluk, appealing against the order of the Deputy Commissioner, Kolar district, declining to restore to him a portion of Survey No 10 of the above village, treated as kharab at the Survey Settlement, or to grant him compensation in respect of the same.

(2) Letter No. 1894—328, dated 23rd November 1900, from the Deputy Commissioner, Kolar district, reporting on the above as follows :—

* * * *

4. In 1885, the petitioner's father, Gurappa, obtained by transfer two blocks of land on both sides of the Bowringpet-Bethmangala road, bearing Maji No. 6 with an extent of 2 kodus and 9 padies assessed at Rs. 3.

5. Out of one of the blocks he sold 4 guntas to one Narayanasami, and leased out, in the year 1888, the marginally noted extent to (1) Lingachari, (2) Ramachandrappa and Venkatramegauda, as per documents A and B (in the file accompanying), on a rental of Rs. 4, for opening tile-kilns, and erecting buildings, &c., in connection with the said industry.

	Rs.
(1) 22×22	2
(2) 40×23	2

6. During the Survey Settlement, which took place in 1890-91, the said Maji No. 6, was formed into two Survey numbers as below :—

	Extent.	Assessment.
	A. g.	Rs. a. p.
No. 1	1 12	1 8 0
No. 76	0 23	.....

The former was retained in the khata of the petitioner, and the latter treated as kharab. Against this, he complained subsequently to the Survey Superintendent, requesting that the land treated as kharab might be retained in his khata On this, he was asked to represent the matter to the taluk authorities.

7. Whereupon, he petitioned the Amildar as well as the Deputy Commissioner. On enquiry, the Amildar reported that on the said land, there existed 3 tile-kilns and a furnace as particularized in the margin; that each of the kilns was charged with a mohatarfa tax of Rs. 6, and the furnace with Rs. 4, making a total of Rs. 22; and that it contained a fresh-water well belonging to the petitioner; and recommended that pattas of the said kilns might be made out in the name of the petitioner.

8. On a requisition from the Deputy Commissioner, it was further reported that no compensation was paid for a portion of the land originally taken up for Bowringpet-Bethmangala road, as the requisition had been made prior to the grant of the land on kandayam.

9. The Amildar was asked to inform the amount of compensation payable for the kharab land, claimed by the petitioner, and it was reported that the rate of compensation was Rs. 80 per acre, as per Mahazar drawn up by panchayats.

10. Mr. Madiah, the then Deputy Commissioner, decided that the petitioner was not entitled to any compensation, as the land in question had been alienated to others prior to survey, and treated as kharab at the Survey Settlement.

No. 6085-92—PET. 1063, DATED BANGALORE, 14TH FEBRUARY 1901.

ORDER THEREON—The compensation claimed is for land which has been treated as kharab, because it had been diverted from agricultural use and turned into a site for tile-kilns. No compensation can be paid on such lands. The appeal is rejected.

2. This simple report has been delayed for four years. The Deputy Commissioner is requested to notice this delay and to see that the pending references in his office are promptly disposed of.

Petition of Appeal No. 722, dated 26th September 1899, presented by Hanumegauda and other raiyats of Kornahalli in the Tarikere taluk, against the order of the Deputy Commissioner, Kadur district, declaring that the wet lands of Bettadtavarekere village have the prior right to irrigation from Heroyattinakere tank, and that the lands of the petitioners' village (Kornahalli) were entitled to irrigation from the said tank subject to this right.

(2) Correspondence ending with letter No. 196, dated 20th September 1900, from the Deputy Commissioner, Kadur district, reporting on the above.

(3) Letter No. 5313, dated 6th November 1900, from the Chief Engineer in Mysore.

(4) The records of the case.

i. The lands of Bettadtavarekere were originally irrigated by "suggi vaddu" which burst subsequently. As the restoration of the said "suggi vaddu" was found to be not feasible, it was abandoned and the new tank of Heroyettinakere was constructed instead. When the question of right to its water-supply came under consideration, the matter, instead of being decided on merits, was settled on the ground that the new tank was a substitute for the "suggi vaddu" (once the exclusive source of irrigation to the wet lands of Bettadtavarekere) and was therefore subject to all the liabilities of the "suggi vaddu." But as the lands of Bettadtavarekere lay further from the new tank and could only be irrigated after the construction of distribution channels, and as water was meantime available, the raiyats of Kornahalli were allowed (by the order, dated 18th June 1895, of Mr. Sparkes) to convert their dry lands into wet, on the understanding that the water-supply was temporary and would be withdrawn when the wet lands of Bettadtavarekere should come under irrigation. This understanding was, however, ignored when, on the subsequent application of the Kornahalli raiyats and the Deputy Commissioner Mr. Sparkes' recommendation thereon, consolidated wet rates were imposed by the Survey Department on the wet lands of Kornahalli, and the akarband too was revised accordingly. When the matter was again agitated by the raiyats of Bettadtavarekere, the then Deputy Commissioner Mr. Carr passed an order on 24th April 1898, affirming the order of Mr. Sparkes, dated 18th June 1895, holding that the Bettadtavarekere raiyats had the prior right of irrigation from the water of the said tank.

ii. The sketch received with the Deputy Commissioner's report, dated 15th May 1900, shows, and the Deputy Commissioner himself admits in the report, that the wet lands of Kornahalli lie nearer the source of water-supply, and from their position, receive a better supply of water than the lands of Bettadtavarekere. The extent of the wet lands in Kornahalli is 255 acres and 5 guntas and of Bettadtavarekere 155 acres and 32 guntas. The rates of assessment on the wet lands of Kornahalli are, highest Rs. 5-9-0, lowest Rs. 4-3-0, and the average Rs. 4-14-0 per acre, while of Bettadtavarekere, the highest is Rs. 4, lowest Rs. 2-8-0, and the average Rs. 3-4-0 per acre.

iii. The Deputy Commissioner reports that the tank does not hold water sufficient for both the Kornahalli and Bettadtavarekere lands and that the lands of the latter village suffer at times, being farther off from the tank; and proposes either (1) to stop the supply of water entirely to Kornahalli lands after changing the wet rates into their original dry rates of assessment; or (2) to give the present water-supply to the said Kornahalli lands and in that case either to find a separate source of water-supply to Bettadtavarekere lands or to grant half remission to the said lands as was being done up to the last year.

iv. The Superintending Engineer, Western Circle, and the Chief Engineer, in recognising the priority of claim to water of the Bettadtavarekere raiyats, report, that the tank in ordinary years is capable of irrigating both the Kornahalli and Bettadtavarekere lands, but that in times of scanty water-supply, the left bank channel supplying water to Kornahalli lands should be closed to ensure proper supply of water to Bettadtavarekere lands, which have the prior right for irrigation from the said tank.

No. 6144-6—PET. 1078, DATED BANGALORE, 16TH FEBRUARY 1901.

ORDER THEREON—After all the vicissitudes which the lands of Kornahalli and Bettadtavarekere have undergone, it will be inconvenient if an attempt is now made to restore the old state of things, which does not seem to have been properly ascertained by the Local Deputy Commissioners or the Public Works officers. The Public Works Department has no record of the fact that the new tank was a substitute for the old 'vaddu.' The opinion given under the circumstances is not entitled to much weight, and the Deputy Commissioners ought not to have held out any distinct course of treatment to the raiyats concerned. An examination of the land record by the Superintendent of Revenue Survey has elicited the fact that the Bettadtavarekere lands were never classified as being irrigated from "suggi vaddu." The following is the note recorded by that officer :—

* * * * *

"I have examined the classing books and maps of both Kornahalli and Bettadtavarekere. Some curious facts are elicited:

Petition, dated 16th February 1901.

1st. The only Survey number in Bettadtavarekere dependent upon or assessed at the original classification, under "suggi vaddu" is No. 117, assessment Rs. 6. The remaining wet lands are dependent on, and assessed in consideration of, small tanks and kattes as below :—

			Survey No.
Bargi Katte	...	...	19
Katte	...	...	63
Do	...	...	155
Ramainkere	...	...	158
Musakedkatte	...	...	131
Upas Malankatte	...	...	125
Melainkatte	...	...	127
*Suggi vaddu	...	...	118
Katte	...	...	185
Do	...	...	189
Do	...	...	4
Do	...	...	67

*Only one number under this.

"Only one Survey No. 117 was dependent on "suggi vaddu." Consequently, it is evident that the Bettadtavarekere raiyats have imposed upon both Deputy Commissioners to an almost rediculous degree. Instead of 155 acres and 32 guntas of Bettadtavarekere wet lands being in any way concerned with the present question, only 1 acre and 29 guntas of No. 117 are concerned!

"A glance at the map shows that it is impossible that the "suggi vaddu" could irrigate anything but the very smallest area in Bettadtavarekere.

"See, in comparison with what I have now elicited, the astounding statement made by the Deputy Commissioner at para 2 of his letter No. 398 of 18th December 1899, that the atchkat of "Bettadtavarekere 'suggi vaddu' had an atchkat of 155 acres and 32 guntas!"—true, but only 1 acre and 29 guntas of this were in Bettadtavarekere.

"The absurd part of this business is that it is the Kornahalli people and *not* the Bettadtavarekere people who had lands under the 'suggi vaddu.'"

2. To the new storage of water, Kornahalli lands are more advantageously situated, and adopting the only rational and recognised principles of classification uiting the altered circumstances and the natural lay of ground, the Settlement Department have imposed on them a higher rate of assessment. The correlative ight of this increased liability is obviously to receive a sure and a copious upply of water at all times. This must therefore be ensured to the land-holders f Kornahalli village. The surplus water alone can be given to the Bettadavarekere village lands which were before dependent upon "suggi vaddu" and re now irrigated from channels drawn from an anicut thrown across the Kodialla. The rates of these lands are much lower than the rates imposed upon he Kornahalli lands, and having regard to the opinions of the Superintending Engineer and the Deputy Commissioner, that the water-supply cannot be guaranteed except in ordinary years, the Survey Superintendent may be requested to evise the water classification of these lands—any reduction of assessment resultng therefrom being granted as remission to the raiyats. But it is possible hat after the dam has been built over the Kodihalla, the water-supply to the Bettadtavarekere lands has been greatly improved. The Survey Superintendent ill be requested to take note of this circumstance also in revising the classifiation. It will be extremely inconvenient, and the Survey Superintendent has onclusively shown that it is quite inexpedient, to adopt the suggestion of the uperintendent Engineer and to close up the distribution channel irrigating the Kornahalli lands in times of drought and scanty rainfall. The suggestion of the Deputy Commissioner to grant remissions in the years in which water will not e sufficient for the wet cultivation of the whole of these lands, is opposed to the olicy of Government in regard to remissions and cannot be adopted.

Petition of Appeal No. 351, dated 11th August 1899, presented by Honnaiya and others of Bilikere village in the Tiptur taluk, against the order of the Deputy Commissioner, Tumkur district, directing the recovery from the petitioners of the cost of earth and turf work executed to the Bilikere tank.

(2). Petition No. 419, dated 14th August 1899, presented by Boraiya and other raiyats of Kibbanhalli village in the Tiptur taluk, praying to be exempted from the liability to pay the cost of earth-work, &c., done to their village Amanikere tank.

(3). Letter No. 469, dated 21st November 1900, from the Deputy Commissioner, Tumkur district, reporting on the above petitions as follows :—

* * * *

2. The Biligere tank and the Kibbanahalli Amanikere tank form practically one continuous tank with a cross bund between them, though bearing separate register numbers with separate atchkats, as will be seen from the accompanying sketch. The complaints of the raiyats of both the villages therefore are, for the purpose of this report, dealt with together.

3. These tanks are situated by the side of the Bangalore-Shimoga road between the 76th and 77th mile-stones, and are only three miles from the Railway Station of Banasandra. Both of them are major tanks. The Biligere tank was brought up to standard by the Public Works Department in 1887 and the Kibbanahalli Amanikere in 1890, the former at a cost of Rs. 3,398 and the latter, of Rs. 5,378. Particulars regarding the extent of wet and garden cultivation under these tanks and the revenue derived therefrom are givin in the margin. With the exception of about half an acre of bagayet land under each, the whole of the atchkat is under occupation. The garden lands especially are reported to be valuable.

4. The maintenance of these tanks devolves on the raiyats of the villages under the Maintenance Rules of October 1873.

5. When I inspected the tank in November 1895, I found that the maintenance of the bund had been very badly neglected. The slopes had been considerably scoured, the height of the bund was several inches below grade-level and the top width was only a foot in some places. The Amildar's attention was drawn to this state of things and he was asked to get the necessary earth and turf work done by the raiyats. All attempts to induce

them to repair the tanks proved abortive; they flatly refused to do the work. In view of the safety of the tanks themselves and of the railway line above which they are situated, I had estimates prepared for the work which had to be done to restore the tank to the standard to which they had been brought up by the Public Works Department, before their transfer to the Revenue Department for up-keep. The estimate for the Kibbanahalli tank amounted to Rs. 835 and that for the Biligere tank to Rs. 975. The former was sanctioned in February 1899 and the latter in July 1897. The greater portion of the work estimated for has been executed, the balance of the estimate still remaining to be worked out being only Rs. 189-10-6 in the case of Kibbanahalli and Rs. 163-6-7 in that of Biligere

6. The outlay incurred by Government in accordance with the above estimates is recoverable from the defaulting villagers concerned as an arrear of land revenue *vide* paras 6 and 9 of the Maintenance Rules of October 1873. The petitioners refuse to pay on the following ground, as set forth in their appeal petitions to Government :—

(1) *That they are not liable to maintain the tanks.*—The liability of the raiyats to maintain major tanks brought up to standard is undoubted, and has been enforced all over the Province.

(2) *That the liability rests with Government inasmuch as the irrigation cess intended for the up-keep of the tanks is merged in the wet and garden assessment.*—The irrigation cess is, I believe, intended to be spent towards bringing tanks to standard and executing any stone or masonry work that may be required afterwards. The payment of the cess does not absolve the villagers from their liability to maintain the earth-work and turfing to the bund. Having regard, however, to the difficulty, in the present times, of getting the villagers to discharge this liability which involves gratuitous service, it is a question whether it should not take the form of a maintenance cess in future.

(3) *That the tanks are not useful to them, as the cultivation below consists mostly of gardens which have wells in them.*—The villagers of Biligere made a similar statement before Councillor Mr. V. P. Madhava Rao, C. I. E., when he inspected the Biligere tank in September 1899, and went to the length of saying that the tank might be breached, adding that they had already given depositions to that effect before the Amildar. I made particular enquiries as to whether any such depositions were on record, but was not able to find them. That the villagers irrigate their wet lands, as well as their garden lands also in the hot season, from the water stored in the tank, is beyond question, not to mention the benefits accruing to men and cattle. The villagers themselves, on second thoughts, have since retracted their statement made before the Councillor suggesting the breach of the tank.

(4) *That the tanks are not a source of danger to the railway line.*—On this point it can only be said that petitioners are not the best judges. Both the tanks are situated above the railway line and neglect of their maintenance is sure to endanger it. Please see appended copy of a communication received on the subject from the Superintending Engineer, Eastern Circle, No. 4230, dated 7th November 1900.

7. Pending disposal of the appeal of the petitioners, the coercive measures that were being adopted for the recovery of the cost of the work done by Government to the tanks in question have been held in abeyance. Early orders are solicited as the Examiner, Public Works Accounts, presses for the speedy adjustment of the outlay incurred, which is shown as an advance against the Revenue Department in his accounts.

* * * *

(4) The records of the case.

No. 6225-32—Pet. 1100, dated Bangalore, 18th February 1901.

Order thereon—The Deputy Commissioner mentions that the recovery of the money has been held in abeyance, and prays for early orders, as the Examiner, Public Works Accounts, presses for the speedy adjustment of the outlay incurred, which is shown as an advance against the Revenue Department. The remedy for the inconvenience complained of lay in the Deputy Commissioner's own hands, as he need not have taken the unusually long time of nearly fifteen months for the submission of this simple report.

2. The reference to the safety of these tanks with regard to the railway line below is quite irrelevant, as the demand now made upon the raiyats does not arise from any outlay made on that account.

3. Both these tanks were repaired at considerable cost as denoted in the margin* and were brought up to the required standard. The annual maintenance, which then devolved upon the raiyats under the Rules of 1873, was continuously neglected for several years and necessitated the present outlay of Rs. 975 and Rs. 835, respectively, "to restore the tanks to the standard to which they had been brought up by the Public Works Department before their transfer to the Revenue Department for up-keep." The omission to discharge a legal liability on

*Rs. 3,398 for Bilikere tank and ,, 5,378 ,, Kibbanahalli Amanikere tank.

the part of the raiyats for several years, has resulted in the necessity of this accumulated work having to be done for the safety of these tanks, and the raiyats cannot be discharged from that liability. It is irrelevant to argue that the tanks are of no use to them and they must be made clearly to understand that it can never be a matter of discretion with them to retain a tank or breach it. The sooner they are disabused of such false ideas, the better it is for them. The appeal is accordingly rejected.

4. The Government view with great displeasure the neglect of the local officers who did not cause this annual maintenance work to be done year after year by the raiyats. Every Jamabandi Officer should clearly understand that it is his duty to enquire into the condition of such tanks and to satisfy himself that the required work has been properly and fully done, before he leaves the taluk after the completion of the jamabandi.

Petition of Appeal No. 824, dated 5th October 1899, presented by Basappa, son of patel Virappa of Hebbandi village, Shimoga taluk, against the order of the Deputy Commissioner, Shimoga district, directing the levy of water-rate on Survey Numbers 14 and 19 of Koulegondi village for having used Government water to raise wet crops thereon, from the year 1893-94 to 1898-99.

2. Letter No. 613—513, dated 15th January 1900, received from the Deputy Commissioner, Shimoga district, reporting that during the jamabandi of the Shimoga taluk, for the year 1898-99, by the Deputy Commissioner, the Amildar submitted for his orders a takrar statement to the effect that Basappa (petitioner) had unauthorizedly used the water of a Government channel and raised rice crops in his dry lands Survey Numbers 14 and 19 from the year 1893-94 to 1898-99; that the petitioner personally pleaded his non-liability to pay the water-rate on the ground that he had not irrigated his lands by the Government channel water but from the surplus water which flowed during the rainy season in a channel constructed at his own cost; but that he failed to adduce any evidence in support of his allegations; that he was therefore ordered to pay water-rate at Rs. 2-11-0 per acre, on the extent on which paddy crop had been raised after deducting the dry rate for the years 1893-94 to 1898-99.

3. Letter No. 485—393, dated 30th November 1900, from the same officer, reporting in reply to Secretary's docket No. 6407—P. 865, dated 9th March 1900, that though sufficient opportunity had been allowed to the petitioner to adduce evidence, oral or documentary, in support of his allegation that he or his forefathers or predecessors in title were using the water in question as their own, he had failed to do so on the ground that all the papers and accounts relating to the construction of the channel at his own cost were destroyed by fire in the year *Swabhanu* when his house was burnt down.

4. The records of the case.

No. 6516—PET. 1231, DATED BANGALORE, 25TH FEBRUARY 1901.

ORDER THEREON—The question in this case is whether the petitioner is liable to pay water-rate for lands irrigated by the water surplussing from the kodi of a Government katte. This question is complicated by the fact that the Jamabandi Officer of 1877-78 had held that there was no liability, while the order appealed against maintains the contrary without explaining the change in law which has taken place since 1877-78.

2. The law on this subject prior to the passing of the Land Revenue Code is contained in Section 29 (1) of Bombay Act I of 1865, and paras 2, 3 and 4 of the survey guarantee (framed under Section 28 of the Act). The effect of the above is that no extra assessment is leviable unless water *which is the produce of a Government irrigation work is used.* It is unnecessary to discuss whether the water which surplusses over a kodi is the produce of a Government irrigatic

work, the water actually impounded by the work being supplied through the luice. The order of the Jamabandi Officer of 1877-78, seems to have viewed hat such water was not the produce of Government irrigation work. Section 53 of the Land Revenue Code, has, however, introduced a clear provision whereby Government is enabled to charge water-rates "for the use by land-holders, &c., of water the right to which vests in Government, &c.," and Section 36 declares that "all standing and flowing water, &c., are the property of Government," subject to the proved rights of individuals. The petitioner urged that he and his forefathers or predecessors in title were using this water as their own and that it was so at the time of the Survey Settlement. As such rights are recognised in Section 36 of the Land Revenue Code, the petitioner was given an opportunity to prove this statement by obtaining any reference from the Survey Superintendent, if necessary. The Deputy Commissioner in his letter, dated 30th November 1900, reports that the petitioner has failed to prove this statement though sufficient opportunity was allowed him.

3. The order of the Deputy Commissioner appealed against seems under the circumstances correct, and the petitioner has failed to prove any prescriptive right. This appeal is accordingly rejected.

APPEAL No. 83 OF 1897-98.

Appellant	*Versus*	*Respondent*
Sinappa (original defendant).		Gopalaiya (original plaintiff).

The facts of the case are briefly these:—

Gangadharappa (grandfather of the plaintiff) and Surappa, a cousin of Gangadharappa, were joint hakdars to the shanbhogi office of Horamavu Agaram village, Bangalore taluk, the former being the officiator. In 1861, Gangadharappa was dismissed and Surappa appointed in his stead. In 1866, Surappa was also dismissed on being convicted of embezzlement and one Venkatanarnappa, a member of the hakdar family and son-in-law of Gangadharappa was appointed as shanbhog. In 1879, the said Venkatanarnappa was convicted of embezzlement and dismissed the service and the defendant Sinappa was by the Deputy Commissioner's order dated 31st July 1879 appointed to the shanbhogi office. In virtue of the Deputy Commissioner's order, the said Sinappa appears to have been put in possession of the service inam lands attached to the shanbhogi. The exact date is not clear, but the fact of the patta of the year 1879-80 standing in the defendant's name shows that the lands must have come into his possession not later than 31st March 1880.

2. On the appeal of Venkatanarnappa and afterwards of his son Gopalaiya (plaintiff), the Government in their decision dated 15th December 1890, ordered that the plaintiff should be registered as hakdar-shanbhog, but should be put in possession of the office only on the death of his father. Nothing was said in the decision regarding the service inam lands attached to the office. The plaintiff became the officiator shanbhog in 1892 when his father died. The defendant who vacated the office refused to make over the service inam lands to the plaintiff, who on complaining of it to the Deputy Commissioner, was referred to a regular suit.

3. In September 1894, the plaintiff brought a revenue suit before the General Assistant Commissioner for the recovery of the service inam lands and of the *mesne* profits for the two years from 1892. The defendant pleaded amongst others—(i) that the Revenue Courts had no jurisdiction in this matter, as the lands had been fully assessed, (ii) that the suit was barred, as he had been in possession thereof for 16 years, and (iii)

that his possession could not be interfered with under Rule 28 of the Potgi Rules, bein himself a hissedar. The General Assistant Commissioner held that, as the mere fact tha full assessment was levied on the lands did not amount to enfranchisement, claims regard ing such were cognizable only by the Revenue Courts and that, as the possession was nc adverse, the suit was not barred. He further found that the plaintiff possessed three fourths of share in the shanbhogi hak and decreed three-fourths of the service inam land to the plaintiff. Both the parties appealed to the Deputy Commissioner (Mr. Venkata varadaiengar), who held that the lands belong to the office holder for the time being an that the defendant's title to the lands was extinguished along with his dispossession fron office, and decreed the entire Service Inam lands to the plaintiff.

4. The defendant Sinappa having appealed to Government, against the said order the parties were heard on 3rd July 1899, and the following questions were referred, under Section 226 of the Land Revenue Code, for the decision of the Chief Court: (1) Is the suit in this case cognizable by Revenue Courts? or in other words, does the suit fall within the purview of Section 221 (*a*) of the Land Revenue Code and more especially of the clause relating to "claims in respect of any injury caused by exclusion from hereditary office or service?" (2) If the above question is answered in the affirmative, is the defendant entitled to retain the suit land under Rule 28 of the Potgi Rules? and (3) Is the suit barred by reason of the defendant's possession of the land for more than 12 years and apart from the operations of Rule 28 of the Potgi Rules?

5. The Chief Court have held that question (1) should be answered in the negative, that the suit does not fall under Section 221 (*a*) of the Land Revenue Code; that it is not excluded from the jurisdiction of the Civil Courts and that the findings on the 2nd and 3rd questions are therefore unnecessary.

Decision.

The result of the opinion given by the Chief Court is that the Civil Courts are not debarred from taking cognizance of suits similar to the present one. The Revenue appeal preferred by the appellant is therefore dismissed as the proceedings of the two lower Revenue Courts have become void. It is open to the parties to seek redress by means of a civil suit.

Proceedings of Government No. 4484-91—P. F. 18-1900, dated 10th December 1900, observing in connection with the appeal of Surappa of Siddapur in the Maddagiri taluk, that it is objectionable to have more than one circle in the charge of a single officiator, and remitting the case to the Deputy Commissioner, Tumkur district, for disposal in accordance with the provisions of Section 29 of the Potgi Rules.

Letter No. 596, dated 20th December 1900, from the Deputy Commissioner, Tumkur district, reporting with reference to the above, that there are several instances in his district in which a single officiator shanbhog has charge of more than one circle, and that in such cases no effect has been given to the provisions of Section 29 of the Potgi Rules; and soliciting instructions as to whether an enquiry should now be made into such cases wherever they exist, in order that the Potgi Rule referred to may be carried out in its entirety.

No. 6630-37—PET. F. 18-1900, DATED BANGALORE, 27TH FEBRUARY 1901.

ORDER THEREON—The question is quite uncalled for. Rules are promulgated for enforcement, and the Deputy Commissioner, as the chief executive officer of the district, is expected to take action to give full effect to them. If there are nstances which do not conform to the rules, they must be rectified, and the sooner they are so dealt with, the better.

FOREST

Proceedings of the Government of Mysore,

READ—

The following extract from letter No. 835—641, dated the 31st August 1900, from the Conservator of Forests in Mysore, reporting further, with reference to Government Proceedings No. 1266—Ft. F. 143-95, dated the 8th idem, on the proposals of Assistant Conservator Mr. Ramaswami Iyer regarding the supply of timber to the Kolar Gold Fields :—

"I have the honor to submit the following observations with reference to Government Order No. 1266—Ft. F. 143-95, dated 8th instant regarding certain reports and proposals framed by Mr. Ramaswami Iyer, Assistant Conservator.

2. With regard to the observation that no communication subsequent to my letter of the 22nd April 1899, had been received from me, I beg to explain that, in my opinion, the application of more intelligent and scientific principles in forest administration on certain of the lines suggested in the reports now in question must follow upon and cannot precede the satisfaction of other and fundamental requirements which my predecessor and I have brought to the notice of Government. Such are the re-organisation of the forest establishment and the application of a good forest law. * * *

3. Government remark that the transport of timber from a great distance of more than 300 miles to the Kolar Gold Fields requires the early consideration of the Conservator. I beg to state that this subject, (and others of much importance not alluded to by the Assistant Conservator) naturally attracted my attention immediately after joining the Province. More than a year ago, for instance, I visited the Gold Fields in order to satisfy myself how far local requirements could be met from Mysore timber. I found that much of the timber used could not possibly be supplied from our forests, because timber of the sizes and quality required does not exist therein. I believe, however, that if forest reorganisation is carried out on the lines suggested to Government, it will become possible to supply the mines with a certain quantity of timber of inferior quality and smaller dimensions. For the present, however, we cannot hope to compete with the magnificent timbers now used at the mines and which are obtained from the Coorg and Malabar forests. I may conclude by mentioning that, with a view to introduce into the Gold Fields such timbers as could at the time be procured from the Mysore forests, a depot was opened under the auspices of the Assistant Conservator at Malur on the Madras Railway. But the quality of the timber offered was so very inferior and the depot was in other respects so mismanaged, that it became necessary to close it."

GEOLOGICAL

Proceedings of the Government of Mysore,

READ—

Memo from the Chief Inspector of Explosives with the Government of Mysore, No. 19—1900-1901, dated 21st December 1900, pointing out that some inconvenience and confusion in regard to taking out of licenses arise from the overlapping of the Mysore Arms Regulation and the Mysore Explosives Regulation, and suggesting that the former should be recast and the latter modified, and that in the meantime the inconvenience may be reduced by the addition of the following proviso to clause 7 of the Rules under the Arms Regulation (VI of 1890).

"Provided that a person licensed under the Rules under the Mysore Explosives Regulation to manufacture, possess and sell, or to possess and sell, explosives, may be granted *free of all charge* a license in Form II or Form III in regard to arms or to ammunition or military stores which are not explosives."

No. 281-90(M)—F.150, DATED BANGALORE, 15TH FEBRUARY 1901.

ORDER THEREON—Ammunition according to the Mysore Arms Regulation *includes* explosives of all kinds, the manufacture, possession or sale of which must be licensed thereunder.

2. Explosives are also separately dealt with by the Mysore Explosives Regulation and Rules and must also be licensed thereunder, but the licensing authority may direct by an order written on such license that it shall have the effect of a like license under the Arms Regulation (*Vide* Rule 42).

3. Such endorsement obviates, therefore, the necessity for obtaining a license under the Arms Regulation *for such items of ammunition* as are dealt with in an endorsed license under the Explosives Regulation.

4. It is observed, however, that such articles as gun-flints, gun-wads, parts of ammunition, lead, sulphur and salt-petre are not dealt with under the Explosives Regulation and cannot be licensed thereunder, but that separate licenses for these are required under the Arms Regulation.

5. A person wishing to deal in explosives and also in any of the above mentioned articles must, therefore, hold two licenses, one under the Explosives Regulation and one under the Arms Regulation.

6. In such cases, and pending any revision of the two Regulations in regard to this matter, the Government are pleased to allow the second license (that under the Arms Regulation) to be granted free of cost and direct that the following proviso be added to clause 7 of the Rules under the Arms Regulation:

"Provided that a person holding a license under the Mysore Explosives Regulation, II of 1886, endorsed in accordance with Rule 42 of the Rules thereunder, to manufacture, possess and sell, or to possess and sell, explosives, may be granted *free of all charge* a license for the same period in Form II or Form III, respectively, in regard to arms or to ammunition or military stores which are not explosives."

The aforesaid proviso will be notified in the *Gazette* for the information of the public.
